Austin, TX • 210 920 0598 • [jonathan.r.earley@gmail.com](mailto:jonathan.r.earley@gmail.com) • Portfolio: [tealix.com](https://tealix.com)

### OBJECTIVE

I collaborate with passionate educators & Edtech companies to combine AI & UX for a new generation of learners.

### PROFESSIONAL EXPERIENCE

**UX Product Designer**, Colegio San Jose de las Vegas  
(Medellín, Colombia) May 2023 - Dec 2023

- Collaborated with administration, faculty, and instructional designers to develop UX and AI-based curriculum for students and faculty.
- Conducted extensive interviews with various faculty and students related to AI and UX.
- Developed a fully-functional prototype of a prompt engineering training app for faculty.
- Created and presented a full UX report for the director of the school.

**Instructional Designer / Instructor**, Ivy Tech College  
(Remote) Oct 2009 - Present

- Developed a comprehensive UX design curriculum aligning with industry standards, learning objectives, and the latest trends in user experience design.
- Utilized various instructional technologies and tools to enhance student learning experiences, such as interactive simulations, case studies, and real-world projects.
- Modified the UX design curriculum based on student feedback, industry developments, and emerging technologies to ensure relevance and effectiveness.

**UX Department Chair**, Center of Applied Science & Technology  
(San Antonio, TX) Aug 2018 - Jun 2022

- Spearheaded the development of cutting-edge UX courses that incorporate the latest industry practices, tools, and technologies tailored for high school students.
- Collaborated with industry professionals and experts to bring real-world insights and experiences into the classroom, offering students a practical understanding of UX principles and methodologies.

### CERTIFICATIONS/PROFESSIONAL DEVELOPMENT

- [Google UX Design Certificate](#) (2021)
- [Adobe Certified Associate](#) (2021)
- [Microsoft TA - HTML, CSS](#) (2020)
