*ClimateHaven is a  
global community for climate tech  
entrepreneurship rooted in  
New Haven, CT*

*CLIMATEHAVEN members'  
exclusive resources are designed  
to scale their climate tech startups*

### **FLEXIBLE WORKSPACE OPTIONS**

The innovation hub in New Haven, CT, provides 24/7 co-working space designed for comfort and productivity with spacious desks, ergonomic chairs, and ample storage. Conference rooms, call rooms, a communal kitchen and vibrant gathering spaces are accessible free of charge to all members. Prototyping space is available on-site as are light manufacturing capabilities through our partnership with MakeHaven.

### **COMMUNITY OF PEERS**

Connect with a vibrant ecosystem of climate-focused peers via weekly events, happy hours, founder-fuel meals and a full calendar of opportunities at ClimateHaven and beyond.

### **STRATEGIC GUIDANCE**

Experienced mentors and Executives-in-Residence (EIRs) generously support founders through dedicated office-hours and 1-on-1 mentorship. Access a breadth of information, tools, and investor connections to achieve your startup objectives through our members-only portal, Slack channel and newsletter.

### **PARTNER NETWORK**

Our network of resource partners in legal, banking, accounting, HR and insurance provide services and insightful programming designed to address the challenges faced by founders. Additionally, experts in investing, prototyping, manufacturing, and policy-making help scale our startups through content-driven workshops and lunch & learns.
