ABOUT GRANTS

Grants is a design led window tailoring specialist providing architects, interior designers, and home owners with bespoke solutions. We have showrooms in London, manufacturing in the UK, and installations Worldwide.

Grants are blind concealment specialists using Blindspace® concealment systems for standard windows, skylights and also gables.

We focus on working with architects and their clients on new build homes where this is of interest and can provide just the boxing so that provision generally can be made for the blinds and power supply can be brought to the areas and then supply the blinds later.

ABOUT GRANTS BLINDS CONCEALMENT

Grants are leading experts in concealing blinds in windows, gables and skylights. We have been working together with leading architects, interior designers and their clients for more than 30 years to design and install blinds that are an integral part of the overall design.

Together with the Swedish company Blindspace, we have developed a concealment system to conceal any type of blinds, in any size and in any type of window. The system has been designed to future-proof windows for a clean and contemporary finish and can be installed inside the wall or the ceiling. The hidden space can be accessed for installation of blinds when construction work and decoration is complete.

Grants are the most experienced designer and installer of Blindspace® products globally. We provide design support and architect drawings to support architects, designers and their clients to a perfect end result.
