Blinds can be controlled through the home automation system.

## LIVING ROOM

CONCEALED ROLLER BLINDS.

A semi-translucent screen material has been used to control the incoming light.

Wherever you are, the  
outlook is beautiful.

## MASTER BEDROOM

CELLULAR BLINDS & CURTAINS

Sloping head windows have Honeycell Duette® shaped top-down blinds to darken the room and give privacy from the cows.

## MASTER BEDROOM

CELLULAR BLINDS & CURTAINS

Blinds to control the light,  
curtains to provide softness  
in sloping head windows.

## MASTER BEDROOM

### CELLULAR BLINDS & CURTAINS

Wave heading voile curtains within recess with recessed tracks in front of blackout blinds.

walk-in closet

## GUEST BEDROOM

CONCEALED BLINDS & CURTAINS

Blackout-lined and  
interlined curtains with  
recessed curtain tracks

GUEST BEDROOM

CONCEALED BLINDS & CURTAINS

Recessed motorised curtain  
tracks

## GUEST BEDROOM

### CONCEALED BLINDS & CURTAINS

Wall-to-wall curtains - a deeper recess would have eliminated light gap above the curtain

## GUEST BEDROOM

### CONCEALED BLINDS & CURTAINS

Concealed blinds and doors all contribute to the design detail.

Privacy roller blinds concealed within three-sided Blindspace frame.

Blindspace frame eliminates side gaps - with four-sided frame there would have been no gaps.

Close-up showing sewn-in hem bar fitting within concealment box.

Clever design makes luxury home look deceptively small.

## ABOUT GRANTS

Grants is a design led window tailoring specialist providing architects, interior designers, and home owners with bespoke solutions. We have showrooms in London, manufacturing in the UK, and installations Worldwide.

Grants are blind concealment specialists using Blindspace® concealment systems for standard windows, skylights and also gables.

We focus on working with architects and their clients on new build homes where this is of interest and can provide just the boxing so that provision generally can be made for the blinds and power supply can be brought to the areas and then supply the blinds later.

## ABOUT GRANTS BLINDS CONCEALMENT

Grants are leading experts in concealing blinds in windows, gables and skylights. We have been working together with leading architects, interior designers and their clients for more than 30 years to design and install blinds that are an integral part of the overall design.

Together with the Swedish company Blindspace, we have developed a concealment system to conceal any type of blinds, in any size and in any type of window. The system has been designed to future-proof windows for a clean and contemporary finish and can be installed inside the wall or the ceiling. The hidden space can be accessed for installation of blinds when construction work and decoration is complete.

Grants are the most experienced designer and installer of Blindspace® products globally. We provide design support and architect drawings to support architects, designers and their clients to a perfect end result.
