THE GALLERY

Surface-mounted French Pinoleum Blinds have been installed in both the dual height area and in the glass box.

The high level window is irregular shaped and the blinds have been made to suit.

The glass box area has Wintergarden system blinds that stack back at the house wall and close curving round to cover the front elevation.

ABOUT GRANTS

Grants is a design led window tailoring specialist providing architects, interior designers, and home owners with bespoke solutions. We have showrooms in London, manufacturing in the UK, and installations Worldwide.

Grants are blind concealment specialists using Blindspace® concealment systems for standard windows, skylights and also gables.

We focus on working with architects and their clients on new build homes where this is of interest and can provide just the boxing so that provision generally can be made for the blinds and power supply can be brought to the areas and then supply the blinds later.
