

GRANTS
BESPOKE WINDOW TAILORING

CASE: Purpose-built home with ultimate flexibility

Motorised and concealed double Honeycell Duette® blinds in every window

+44 800 652 2190

sales@grantsblinds.com

www.grantsblinds.com

This luxury modern purpose-built home was designed and developed with a passionate attention to detail. The home owner has over the span of years added Grants Honeycell Duette® blinds to nearly all window areas, as each room has been completed. In every window, the home owner has gone for a dual blind option to give the ultimate flexibility in the control of light and privacy.

CORNER ROOM

DOUBLE HONEYCELL BLINDS.

The internal blinds from Grants are concealed behind the purpose-built pelmet. In addition to this, there is external fixed wooden louvers to reduce heat and provide some shade. These were supplied by others as part of the main build.

CORNER ROOM

DOUBLE HONEYCELL BLINDS.

Single pleat sheer blinds partly closed bringing a softness to the room.

CORNER ROOM

DOUBLE HONEYCELL BLINDS.

Same blinds fully closed
whilst still allowing visibility.

CORNER ROOM

DOUBLE HONEYCELL BLINDS.

Fully blackout Honeycell
Duette® blinds were
installed behind the single
pleat blinds.

CORNER ROOM

DOUBLE HONEYCELL BLINDS.

Shown here the blackout blinds are closed behind the single pleat. Providing complete light exclusion.

BEDROOM

DOUBLE HONEYCELL BLINDS.

The same specification is used in all bedrooms, allowing daytime privacy and 100% blackout if required.

TEENAGE BEDROOM
DOUBLE HONEYCELL BLINDS.

Personal touch in the
decoration from room to
room but consistent
window treatment.

1.
All the blackout blinds have side channels to maximize the light exclusion efficiency. .

2
Carefully mitered corners frame all blackout blinds, including the awkward shapes, and illustrates the high attention to detail. .

1.
Pelmet structure has been detailed to work with all the complex angles throughout the house.

2.
Side channels for blackout blinds.

ABOUT GRANTS

Grants is a design led window tailoring specialist providing architects, interior designers, and home owners with bespoke solutions. We have showrooms in London, manufacturing in the UK, and installations Worldwide.

Grants are blind concealment specialists using Blindspace® concealment systems for standard windows, skylights and also gables.

We focus on working with architects and their clients on new build homes where this is of interest and can provide just the boxing so that provision generally can be made for the blinds and power supply can be brought to the areas and then supply the blinds later.
