## gold-standard training based on science

You will get a clear overview of the current strengths in your team.

During the journey individuals skill-up based on a personal **CliftonStrengths** assessment (Gallup).

Discover what your team members do best, and you'll have stronger team dynamics and performance.

The training curriculum is designed according to the TBR standard. It is also designed using the **neuroscientific principles** for effective learning.

The curriculum integrates interactive and experiential learning methods to enhance engagement and retention.

starting €250,- per month
