JBT SELF-PROPELLED PASSENGER STAIRS (WIDE BODY)

THE JBT SELF-PROPELLED AND TOWED PASSENGER BOARDING STEPS are available in diesel and all-electric designs to service aircrafts ranging from large regional jets up to the A380 main deck. The unit has great reliability with four stabilizers located at the corners of the chassis providing stability. Pivoting, shock absorbing access platform aligns automatically with aircraft fuselage. A wide staircase expedites passenger boarding.

- Custom purpose built chassis or commercial truck chassis
- Electric power
- Enclosed operator cab
- Enclosed stairway canopy
- Aircraft proximity sensor
