

Managed Firewall

Elevate Your Network Security

At Syringa we help customers discover the myriad benefits of Managed Firewall and safeguard their digital assets like never before. Our Managed Firewall solution provides you with top-notch protection, delivering a seamless shield against cyber threats, all while freeing up your valuable time and resources.

Experience enhanced security and peace of mind with Managed Firewall. Our expert team provides 24/7 monitoring, real-time threat detection, and automatic updates to protect your network. Say goodbye to downtime, as we optimize firewall performance and offer customized solutions. Plus, our services are cost-effective and help you maintain compliance effortlessly. Focus on your core business while we safeguard your digital assets. Contact us today to fortify your security.

Managed Firewall Benefits

Defend Against Threats

Managed Firewall acts as a shield around your digital infrastructures, safeguarding them from an ever-increasing array of cyber threats. Our Managed Firewall ensures you're well-prepared.

Uninterrupted Connectivity

Downtime can be detrimental to your operations. With Dedicated Internet Access, you can enjoy a reliable and consistent connection that minimizes disruptions, leading to increased productivity and customer satisfaction.

Expert Support

When you partner with us, you gain access to a team of experts who are dedicated to your success. We provide ongoing support, ensuring that your network remains secure and your connectivity stays reliable.

Customized Solutions

We understand that every business is unique. Our Managed Firewall and Dedicated Internet Access solutions can be tailored to suit your specific needs, offering flexibility and scalability as your business grows.

Data Privacy & Compliance

In today's regulatory landscape, maintaining data privacy and meeting compliance standards is non-negotiable. Our solutions assist you in adhering to industry-specific regulations, ensuring your business remains compliant.

Managed Firewall

Managed Solution Benefits

Syringa's Managed Firewall actively integrates with a comprehensive suite of secure network and assurance capabilities, eliminating the need for multiple appliances. These capabilities include application-based firewalling, content filtering, web search filtering, intrusion detection and prevention, and advanced malware protection. Managed Firewall can be bundled with Dedicated Internet Access (DIA) or purchased as an add-on.

Technical Specifications

- **Advanced Malware Protection:**
File reputation-based protection engine.
- **Intrusion Prevention:**
PCI-compliant IPS sensor using industry-leading signature database.
- **Branch Gateway Services:**
Built-in DHCP, NAT, QoS, and VLAN management services.
