

## CPC Internship Information

### Summer 2024 – *application closed*

We hire interns on a rolling basis and have filled all of our intern positions for this upcoming summer. If you're still interested in working here at CPC, please feel free to send us your resume. We'll keep it on file and reach out if anything changes as the summer approaches.

Applications for next summer will open by October 1<sup>st</sup>.

### School Year Internship

Our school year internship program is offered per semester (fall, spring, or both). It is a part-time, paid internship with flexible work hours (typically 10-20 hours per week). The weekly schedule is built off of intern availability and our ministry/program calendar.

### Summer Internship

Every summer CPC hires a group of about 12 interns to join our staff team. It is a full-time, paid internship running from the end of May through the beginning of August. The work week is Sunday-Thursday with Fridays and Saturdays off. Interns start their days together for intentional development time where we pour into them and provide a mix of spiritual, personal, and professional development. Then the interns spend their afternoons serving in an assigned ministry department.

### Departmental Opportunities

For both our school year and summer internship programs, there are opportunities for interns to work in a variety of ministry settings here at CPC. Interns are assigned a specific department based on our internal needs and openings as well as interns' unique areas of interest. Examples of departments include: Kids' Ministries, Student Ministries, Communications, Worship, Production, Finance, Missions, Care & more!

### Contact us!

If you'd like to learn more about CPC's internship opportunities (both school year & summer) or to apply, please reach out to [employment@cpcedina.org](mailto:employment@cpcedina.org).
