

2023 Impact Report

PLAN advances the rights of Arizonan immigrants through free legal support, community building, and storytelling. We've built our programs with an immediate, near-term, and long-term approach in mind so we can affect change today, tomorrow, and forever.

- 
Immediate
Free legal services and resources to prevent deportation
- 
Near-Term
Stories and art to change anti-immigrant narratives and center humanity over hate
- 
Long-Term
Building power in solidarity with local immigrant-led organizations to forward community-led ideas to reimagine justice in Arizona

about our work

Continued participation in **Colectivo Capullo**, a collective of PLAN, Trans Queer Pueblo (TQP), and Poder in Action, that aims to transform the dynamic between lawyers and the community they serve. In 2023, we gathered recordings of our community's experience with lawyers to inform our work and strategy.

Monthly **Spanish-language legal curriculum** for local immigrant leaders.

Ongoing **1-1 mentorship** of two local leaders at TQP.

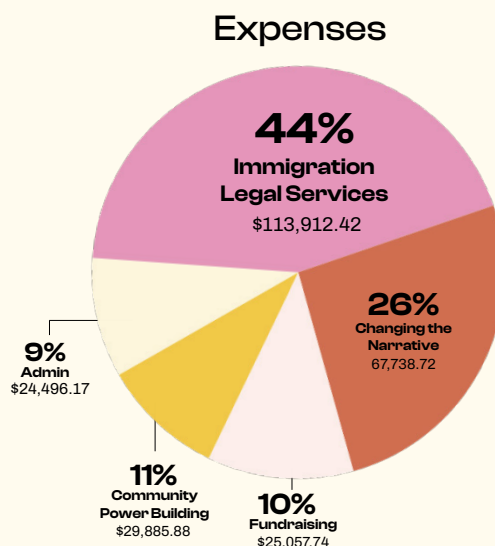

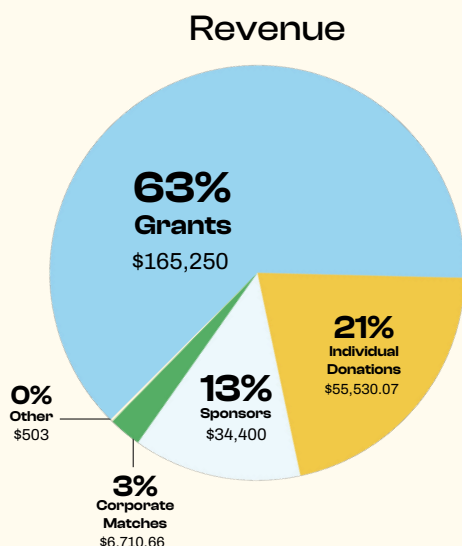

"They built my confidence so that I can fill out work permits and gather evidence independently."

Deybeth Ruiz Pereyra

We don't do this work alone

We are so thankful to everyone who supports PLAN - our clients, our donors, our annual sponsors, our foundation partners, our community allies, and you dear reader. Together we are creating an Arizona where all immigrants are safe, welcome, and valued.
