EdReady
Powered by NROC

EdReady is an adaptive learning platform that's been adopted by districts, systems, and states to personalize math and English instruction and to empower data-driven, student-success decisions.

Meet students where they are...
& prepare them for what's next.

EDREADY SUPPORTS:

- ✓ Just-in-time learning and accelerated learning

- ✓ Grade-to-grade transitions

- ✓ Dual enrollment / early college / P-TECH programs

- ✓ High school completion

- ✓ College and career readiness

- ✓ Low-stakes, formative assessment for placement

- ✓ Co-requisite education

- ✓ HSE / GED, CASAS, TABE, or NRS preparation

- ✓ Teacher preparation

Eagle Start Summer Bridge Program

Wake Technical Community College

Presenters: David Cooper, Melody Cooper & Kaite Bruce

Eagle Start Bridge Program

Eagle Start is a great opportunity to launch your college career, build a strong academic foundation for your future and ease the transition between high school and college. The summer program prepares students who are eager to start their college careers in a supportive and structured environment designed to ensure their success.

The summer bridge program provides the following benefits:

- Free tuition and fees
- Free laptop for successfully completing the program
- Full access to Wake Tech resources and services

- Free tutoring and success coaching
- Career coaching
- Connect with key faculty, staff and administrators

> "Being a part of the Summer Bridge Program has been monumental in my success so far. It has allowed me to feel confident as I go into a different chapter in my life, and it has allowed me to meet new people that will always be around to help when needed."
>
> – *Quentin White*

Criteria and Logistics

o History of the program

o Who is eligible for the program?

o What Classes and Format?

o When and Where is the program offered?

o How is it funded?

o Other benefits
   Tutors
   Lunch
   Laptop

o Cost
   $625 / student

Launch Your College Career with
Wake Tech's Eagle Start Bridge Program!

Program Highlights

- Free classes & materials
- Receive a free laptop for successfully completing the program
- Full access to Wake Tech resources and services
- Free tutoring, success coaching and more

Applications are due June 7

Session Dates: June 21- August 2, 2023

Eligibility: High school GPA of less than 2.20 or GED score of less than 145 on any part of the exam

A goal for the Summer Bridge program was to ensure students were corequisite ready.

How was this done in Math and English?

Mathematics Delivery

o   A work group was formed and topics essential for students to be corequisite ready were mapped out.

o   A course was created in EdReady where students were able to practice these skills.

o   We met for 75-minutes 4 days a week. Instruction was broken up into lecture, in class practice and time spent in EdReady.

o   Students took a pre and post test. The instructor used results to look for increased mastery.

o   EdReady's built in "Learn" feature was an excellent supplement to in class lecture. It provided students with additional opportunities to master content based on individual learning styles.

English Delivery

o Student Connection was formed through small groups. Each group was given time to speak with the instructor to meet the needs of students on an individual basis.

o Interactive Education Experience was created through the lessons EdReady provides. Students were able to work with materials in a way that was flexible to each learning style.

o Self-evaluation was completed by students through use of grammar and mechanics materials that provided assessment, and metacognitive questions.

o Practice Without Penalty was achieved by using exercises and learning materials provided by EdReady to allow students to be incorrect without punitive results.

Questions?

Thank you for your interest in Eagle Start!

EdReady puts educators in control.

**Goals** **Scopes** **Resources** **Data Access** **Readiness**

Goals

You define what you want your students to be ready for.

Scopes

You tailor the study paths and diagnostic assessments your students use.

Resources

You choose which vetted and award-winning multimedia learning resources students can access.

✅ Readiness

You develop the messages that students see when they reach or eclipse their target score.

What's next for your students?

Data Access

You set EdReady administrative users' permissions, including who has access to which student data.
