

Because of you, and with you, the Caring Foundation was able to help families and communities in need in 2021.

Because of your generosity, **over 60** charities and agencies were able to receive a grant in 2021 to help them face the increase in demand for their services during COVID-19.

Your gift helped all these organisations and agencies. Your gift helped mums and dads, young people, the elderly and so many families who needed help. Your gift made this possible.
