Paving the way for a healthier future.

We innovate risk-based, data driven solutions that support corporate goals, fuel scientific passion, and meet global regulatory requirements.

Join our mission to build consumer trust for generations to come.

Our Solutions

Corporate

Build an industry-specific corporate infrastructure that supports patient safety, company growth, and business success.

Quality

Establish an innovative, fit-for-purpose quality management system that enables seamless risk management and produces required regulatory documentation.

Clinical

Develop clinical programs guided by practical processes that simplify risk-based compliance, maintain data integrity, and keep patients safe.

Pharmacovigilance

Develop and execute pharmacovigilance processes and oversight to ensure patient safety and data integrity.

We Know Pharma

100+ industry clients value our services and solutions.

About

Our Mission

We develop risk-based, data driven solutions that spur positive industry change.

Our Vision

To pave the way for a healthier future

Our Guiding Values

Integrity: Drive progress with ethical actions.

Quality: Elevate the standard.

Curiosity: Unlock the door to endless possibilities.

Science: Disrupt with objectivity.

Collaboration: Build strong bonds; yield bright results.

Grit: Conquer insurmountable challenges.

Our Evolving Story

In 2008, Penelope Przekop founded PRZ Consulting after nearly 20 years of industry experience leading global quality and compliance teams across functional areas at Novartis, Covance, Wyeth, and Johnson & Johnson.

In 2017, PRZ Consulting was rebranded as PDC Pharma Strategy with a mission of developing innovative, fit-for-purpose quality and compliance solutions.

In January 2024, PDC Pharma Strategy expanded its team, focus, and service offerings, all with a goal to pave the way for a healthier future.

Our Core Team

Our passionate and dedicated team is a melting pot of diverse talents, combining creativity and innovation to tackle challenges head-on. Together, we unite under a common vision, leveraging our unique backgrounds to drive transformative solutions that leave a lasting impact.

Quality

Quality Solutions

Ensure quality and compliance with innovative, risk-based, fit-for-purpose solutions.

Our Services

Our expertise and experience spans GxPs and therapeutic areas.

We apply a broad and deep understanding of the industry, its history, the current landscape, and our vision for a healthier future to proactively address your challenges in the following areas and more:

- Quality Management Systems (QMS)
- Quality Risk Management
- Vendor Qualification & Oversight
- Clinical Quality Assurance
- Management of Audit Programs & Audit Execution
- Quality Event & CAPA Management
- Inspection Readiness, Facilitation & Support

Optimized AI Query Crafting: Enhance the quality of your AI interactions with our expert assistance. We'll guide you in framing ChatGPT and other AI questions to yield insightful, accurate, and high-quality results.

In addition to the areas listed above, we offer an innovative full-service, plug-in QA functional model. **Contact us** to find out if your company is a candidate for this unique industry solution.

View our **Services Menu** for a detailed list of our solutions.

Go **here** to explore our pharmacovigilance quality and operational services.

Our Vision for You

Align compliance and corporate strategies.

- Develop a flexible framework that supports and documents compliance.
- Proactively include quality assurance expertise to ensure GxP data integrity.

Build a fit-for-purpose Quality Management System (QMS).

- Establish a practical QMS that pivots and evolves with the clinical development program.
- Institute processes that optimize resources and demonstrate oversight.

Establish a risk-based approach that establishes proof of compliance.

- Team with an expert to ensure adequate risk-based oversight.
- Build a documented compliance profile throughout the drug development process.

Establish a reliable inspection readiness approach.

- Leverage our existing inspection readiness materials.
- Deploy our innovative mock inspection approaches and activities.

Training Solutions

We offer a variety of training options in the quality and compliance space.
