

# Better BUSINESS INTERNET

VA  
Business

Every business has different needs when it comes to internet. But whether you are transferring huge files to clients, ordering merchandise, or keeping your customers happy with free WiFi, you need an internet connection you can depend on.

Every Elevate business customer can count on being able to access merchant services and cloud storage, run video security systems, transfer data and large files, manage email systems, and support internal communications, like chat or an intranet, on our fast and reliable network. But wait, there's more:

- Symmetrical internet speeds, meaning your download speed and upload speed are the same
- A dedicated static IP for enhanced security
- 99.9% guaranteed service level
- Maximum 4-hour repair response time if issues arise
- Personal business support representative
- 24/7 tech support call line

## Personalized **INSTALLATION**

**\$100 one-time fee**

You can, and should, expect more from your Elevate service installation. Because what good is fast internet if you can't even use it? That's why every business install starts off with a FREE one-on-one site survey so we can determine the best way to bring service into your business and make your switch to Elevate seamless.

*Your Elevate install includes:*

- Pre-install site visit and consultation
- Fiber installed to building exterior and run interior to the optimal place
- Interior installation customized to your needs
- FREE WiFi modem/router
- Wireless network activation and setup
- Guest network activation and setup
- Work directly with your IT manager or integrator to ensure phones, point of sales, and other services are up and running

Subject to availability. Installation is zero money down and \$10/mo., for 10 months or \$100 upfront. Initial 12-month contract required. Internet service is required for phone. Speeds are up to 1 Gig.
