CCTV in Schools - Installation & Management

Policy

This policy outlines the requirements relating to the design, installation and responsible management and use of closed-circuit television (CCTV) systems in Victorian government schools. Schools must implement and operate CCTV systems in accordance with this policy.

Summary

- This policy outlines requirements for design, installation, management, and responsible use of CCTV in Victorian government schools.
- CCTV is one security measure that schools can use to support a safe and secure school environment.
- CCTV can deter inappropriate behaviour such as vandalism and theft, and also provide evidence to verify incidents.
- Approval to install CCTV in Victorian government schools must be sought from the Security Unit.
- Resources are provided to support schools to install, manage and use CCTV effectively (following approval), including:
 - installation and maintenance checklists
 - recommended products, installers, and technical specifications
 - advice on signage, privacy, and communication.
