

# Warming Centers

When the temperature is 32 degrees or below, these locations are available as Warming Centers for residents to protect themselves and their families.

**If transportation is needed**, citizens can board any City of Gary / GPTC bus or van using the “**Code 32.**” The bus operator will make every effort to stop as close to a warming center location as possible. For City of Gary Services, please contact 3-1-1 by calling (219) 881-1311 or visit [www.gary.gov](http://www.gary.gov) for a link to the Gary 3-1-1 mobile app.
