

INSTRUCTIONS TO APPLY

1. CHECK PROJECT AND EQUIPMENT ELIGIBILITY

- Read all Terms and Conditions carefully on the rebate application to review your eligibility to participate in the Non-Residential Building Optimization Program. Visit DomSavings.com to view the full list of qualifying measures and to select a participating contractor.
- Complete and submit the Customer Eligibility Form to verify your eligibility for program participation.

2. REVIEW YOUR PROJECT REQUIREMENTS

- You will work with your participating contractor to confirm the scope of work for your project. Rebate incentives are calculated based on deemed energy savings of measures installed.
- If you require assistance identifying qualifying measures in your facility, you may choose to complete an optional audit with a participating contractor and request an audit cost reimbursement if you meet certain criteria. Please review the next step to participate or proceed to Step 4 if you do not wish to perform an audit.

3. OPTIONAL AUDIT AND REIMBURSEMENT

- Please specify your interest in the Customer Eligibility Form if you are completing an audit. The audit must be conducted by a participating contractor to qualify for reimbursement.
- You may be eligible to receive reimbursement to cover a portion of the audit cost if the minimum criteria are met. Additionally, all projects recommended in the audit must be completed within 12 months. The audit must be completed by your participating contractor within 75 days after your program participation is reviewed and confirmed.
- Once your audit is completed, proceed to Step 4 to finalize project installation.

4. SUBMIT AN INITIAL ASSESSMENT TO RESERVE FUNDING

- An initial assessment must be completed and submitted for all projects before the work can be initiated.
- If you plan to submit a project for the Custom Retrocommissioning measure, please contact a program representative to discuss documentation requirements for that measure.

- Once your project has been reviewed, you will receive an Application Packet confirming that your project has been reviewed with the amount of rebate incentive reserved. Project eligibility and incentive amounts cannot be guaranteed until your project is completed.
- Self-install projects will be contacted for an on-site pre-inspection.

5. INSTALL EQUIPMENT OR PERFORM PROJECT WORK

- The incentive reservation allows 12 months to complete your project. You can only submit a rebate application when the project is complete. Contact us if you think your project will require more than 12 months.

6. SUBMIT REBATE APPLICATION FOR PROJECT COMPLETION

- Submit the rebate application along with a copy of the dated contractor invoice within 45 days of the service date and product invoice(s).
- If modifications have been made to the original scope of work, please provide a new data submittal sheet to detail your project changes.
- If you submit a project for the Custom Retrocommissioning measure, please provide any required post-installation documentation. Please contact a program representative to discuss documentation requirements for that measure.
- You may be contacted for a post-installation quality assurance inspection to verify that your application meets program guidelines.

7. RECEIVE INCENTIVE PAYMENT

- When your application is approved, a rebate check will be mailed to you or the participating contractor. Reimbursement for the audit, if applicable, will also be included.

Submit in one of three ways below:

- **Email:** Optimization@Honeywell.com
- **Fax:** 804-520-3380
- **Mail:** Honeywell Smart Energy
15801 Woods Edge Rd, Bldg 12–2nd Floor • South Chesterfield, VA 23834

TERMS AND CONDITIONS

These terms and conditions apply to the Non-Residential Building Optimization Program ("Program"). The Program has been approved by the North Carolina Utilities Commission.

Any reference in these documents to "Dominion," "Dominion Energy," or "Dominion Energy North Carolina" should be read as a reference to Virginia Electric and Power Company d/b/a Dominion Energy North Carolina, as well as its authorized agents and contractors.

The Building Optimization program offers eligible Dominion Energy North Carolina customers incentives for control system audits and 'tune-up' measures in facilities with Building Energy Management Systems.

ENROLLMENT QUALIFICATIONS AND REQUIREMENTS FOR PARTICIPATION

- Service must be performed on or after August 1, 2022.
- Program participant must be a Dominion Energy North Carolina non-residential customer ("Customer") who is not exempt by statute, not under special contract, is responsible for the electric bill, and has not elected to opt-out of paying the DSM rider.
- Program participant must be a Dominion Energy North Carolina non-residential Customer who is the owner of the facility or reasonably able to secure permission to complete measures.
- Customer is eligible for more than one rebate per location during the Program time period, except as stated below.
- Customer who has previously received a rebate for any of the measures in the Program is not eligible to receive another rebate for installing the same measure on the same equipment/system that previously received an incentive.
- Work must be completed by a participating contractor that is in Dominion's network for this Program when the work begins.
- Dominion and/or its designees including Program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all Program requirements. Such reviews will be made at a time convenient to the applicant. Denial of such verification or misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
- Service must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
- The Customer understands that they may be contacted by Dominion via survey or questionnaire to provide feedback regarding Customer satisfaction with the Program.
- The Customer understands that through participation in this energy conservation program and receiving a rebate, they are ineligible to opt out of energy efficiency riders for a period of three years following their year of participation.

PROCESS AND PAYMENT

- Customer must complete the Customer Eligibility Form prior to completing a Program audit. The audit must be conducted by a participating contractor within 75 days after program participation is reviewed and confirmed.
- Customer may be eligible to receive reimbursement to cover a portion of the audit cost if the minimum criteria are met. Additionally, all projects recommended in the audit must be completed within 12 months in order to be eligible for project incentives.
- Rebate payments will be capped at a maximum limit of 75% of Customer's total invoice amount based on the eligible incentives on Customer's rebate application.
- An initial assessment must be completed and submitted for all projects before the work can be initiated.
- Once the project has been reviewed, Customer will receive an Application Packet confirming that the project has been reviewed with the amount of rebate incentive reserved. Project eligibility and incentive amounts cannot be guaranteed until the project is completed.

- The incentive reservation allows 12 months to complete the project. Customer can only submit a rebate application when the project is complete.
- Rebate application must be submitted within 45 days of the service date.** It is the Customer's responsibility to assure that all requirements of the rebate are met. Failure to provide any of the required information will delay application processing and could result in non-payment.
- When the application is approved, a rebate check will be mailed to you or the participating contractor. Reimbursement for the audit, if applicable, will also be included.
- Rebate payments are based on the date of service. Customers must abide by the rules and rebate levels in effect on the date of service.
- Payment will be issued to the account holder and mailing address on record with Dominion unless the Customer has authorized in writing that payment be made to the contractor specified in this document.
- Please allow up to 90 days from the date all required information is received to process your rebate.**
- Customer is urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.

OTHER REQUIREMENTS

- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to Program funds being available and regulatory approval.
- Dominion Energy North Carolina, its parents, subsidiaries, employees, affiliates and agents assume no responsibility for, and make no representations (express or implied) about, the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor.
- By participating in this Program, the Customer hereby agrees to indemnify, defend and hold harmless Dominion Energy North Carolina, its parents, subsidiaries, employees, affiliates and agents from any and all liability associated with the Program. Dominion Energy North Carolina shall not be liable for loss or damage to any person or property whatsoever, resulting directly or indirectly from participation in this Program.
- Virginia Electric and Power Company (the "Company") retains all rights to energy and demand savings resulting from measures installed under this Program. The Company has the exclusive right to enroll, nominate, or offer a bid for energy or demand reductions resulting from measures installed under this Program into load management programs, demand response programs, or auctions operated by PJM Interconnection.
- L.L.C. ("PJM"), the regional electric transmission entity of which The Company is a member. Customer's participation in the Program means that the Customer is consenting to The Company sharing the Customer's pertinent information with PJM, The Company's agents and contractors, including, but not limited to, its implementing contractors and its measurement and verification vendor. Pertinent Customer information includes account holder name, account number, energy usage and billing information, address, other contact information, measures installed, period of installation, demand/energy reductions resulting from measures installed under this Program and the technical basis for such reductions, loss factors, coincidence factors, interactive factors, building type and other information necessary to implement and monitor the Program including other information as required by PJM or any other regulatory authority.
- Customer understands and affirms that the installed measures associated with this rebate application have not been, and will not be, incentivized or otherwise financially supported by any other Dominion Energy-sponsored energy efficiency program. Under no circumstances may a program measure be incentivized twice except as otherwise noted in the Program Terms and Conditions regarding allowances for multiple rebate applications (when applicable).
- These Program-specific terms and conditions are in addition to the terms and conditions of service currently on file with the North Carolina Utilities Commission and contained in any agreement between the Customer and a Program vendor. To the extent there is any conflict among such terms and conditions, these Program-specific terms and conditions shall control.

North Carolina Non-Residential Building Optimization Program

INITIAL ASSESSMENT FOR NORTH CAROLINA

APPLICATION CHECKLIST

Complete the checklist below and submit all required documents. Rebate cannot be processed with any missing information or blank fields.

Who is submitting this initial assessment? ☐ Customer ☐ Contractor

☐ **I _____ (YOUR INITIALS) HAVE READ THE INSTRUCTIONS AND TERMS AND CONDITIONS ON PAGE 1.**

☐ Contractor has registered for the program.

☐ Completed entire initial assessment.

☐ Attached the data submittal sheet.

☐ If submitting a Custom Retrocommissioning project, attached supporting project information. Please reach out to a program representative for specific documentation requirements. Measure eligibility criteria are listed on the measure list.

☐ Attach a copy of the project scope of work outlining the controls that will be installed or implemented, OR

☐ Attach a copy of the audit report, if you have completed an audit.

✓ Submit in one of three ways:

1. Email: Optimization@Honeywell.com

2. Fax: 804-520-3380

3. Mail: Honeywell Smart Energy
