FAQS

I AM A RECENT GRADUATE, CAN I STILL APPLY TO BE A TUTOR?

simple answer: yes

We would love to have recent graduates tutor with us. Our goal is to connect college students with a peer tutor who has previously taken the course that they are tutoring. As a recent graduate or an alumni, you would still meet these qualifications!

CAN I TUTOR IF I AM A MASTER/PH.D STUDENT?

simple answer: yes

We would absolutely love to have you on our team. Just make sure to check your University Policies if you are listed as the instructor for a course! We accept all applications and our main goal is to match current students with a peer tutor who has previously taken the course.

CAN I TUTOR IF I'M A TRANSFER STUDENT?

simple answer: absolutely

There are many paths in higher education and we don't want that to be a barrier that prevents you from tutoring. If you have any questions or concerns, please ask our Tutor Coordinator in your virtual interview.

While it is not currently available, we are working on developing a K-12 tutoring service to provide assistance to all age groups. If you feel qualified to tutor college courses then definitely fill out our tutor application!

IS A LETTER OF RECOMMENDATION REQUIRED?

simple answer: not exactly

It's not required, but it is highly encouraged. Tutors who submit a faculty letter of recommendation will receive a badge on their profile so that students will know you went the extra mile for approval! Networking and connections are super important and this is a great opportunity to ask for a letter of recommendation if you haven't done so before.

IS TUTORING IN PERSON OR ONLINE?

simple answer: both

We are catering to the virtual shift that most college campuses are experiencing and recommend online tutoring for our students. If you feel that it is safe and comfortable to do so, you are welcome to hold an in-person tutoring session, but we ask that you abide by our Tutor Code of Conduct.

# HOW LONG DOES THE APPLICATION PROCESS TAKE?

simple answer: about a week

Once you submit your pre-interview assessment and request an interview, you will be contacted within 3-5 business days to schedule a virtual meeting with our Tutor Coordinator. Interviews last approximately 20 minutes and you'll hear back from us within a week or two as to whether or not your application was approved.

HOW DO I GET PAID?

simple answer: within our app

Payments are processed the moment that you confirm a requested booking. You get paid instantly by the student and you can withdraw these funds from your account at any time.
