

Numarics joins UBS key4 business marketplace

Switzerland, October, 31, 2022: Swiss fintech startup [Numarics AG](#) joins Switzerland's leading SME bank's marketplace, the **UBS key4 business marketplace for SMEs**, with its [DocuBox offering](#).

The "DocuBox" offering from Numarics includes a smart, cloud-based document archive for SMEs in Switzerland. The offer is free for UBS customers for the first six months.

With the smart document archive, Numarics simplifies the management, archiving, searching and processing of all receipts and documents generated in daily business operations. Thanks to Numarics DocuBox, SMEs can import and store all documents via the Numarics app's scan function or via desktop upload. A multi-platform interface allows the solution to be used flexibly by iOS, Android and web users. Privacy protection and data security according to Swiss standards is also guaranteed at all times. Numarics thus enables companies to manage their documents independently, securely and reliably.

Numarics DocuBox is a product of Numarics' digital accounting solution, offered in combination with the consulting and quality control services of Swiss accounting experts. It makes digitizing and processing receipts and invoices a breeze.

ABOUT NUMARICS

The digital accounting solution for Switzerland: Numarics is an award-winning, all-in-one digital administration solution for SMEs (Best of Swiss Apps 2021) and one of the fastest growing FinTech companies in Switzerland (Fintech Energy, 2022), enabling Swiss solopreneurs, startups and growth companies to seamlessly integrate business administration into their everyday lives.
