A TRIBUTE SWAMI DEVI DYAL MAHARAJ JI

Swami Devi Dyal Hi-Tech Education Academy Swami Devi Dyal Group of Professional Institutions is named as a humble tribute to a great "Yogi Saint, Swami Devi Dyal who initiated setting up hundreds of Yoga and Meditation centers across the country, to embed dedication, achieve concentration, attain peace of mind and acquire real knowledge. The path shown by this Godly Saint is a beacon light for the management of the Swami Devi Dyal Group of Professional Institutions.

Swami Devi Dyal Hi-Tech Education Academy, registered under Haryana State Society Act, was established in the Year 2000 by highly acclaimed industrialists and academicians with the sole purpose of spreading knowledge in the domain of professional education so as to provide tailor made professionals to the industry, keeping the specific requirements in mind. The mission of producing quality professionals in the field of Engineering, Dental Sciences, Computer Science, Nursing, Management, Law, Pharmacy and Education is being achieved consistently with distinction.

OUR NEW COURSES

AI & MACHINE LEARNING

Computer Science & Engineering

The newly introduced course on Artificial Intelligence (AI) at SDDGPI offers students an implementation to develop into one of the most transformative fields of the 21st century. This introductory course is designed to provide students with a comprehensive understanding of the fundamentals of AI, its applications, and its various domains.

CYBER SECURITY

Computer Science & Engineering

Cybersecurity at SDDGPI is designed to equip students with the essential knowledge and skills to combat the growing threats in the digital landscape. In an era where cyber attacks are becoming increasingly sophisticated and prevalent, understanding cybersecurity principles is vital for safeguarding organizations, individuals, and critical infrastructure from malicious actors.

DMLT

(Diploma in Medical Lab. Technology)

SDDGPI DMLT program trains students in medical laboratory science, covering anatomy, microbiology, biochemistry, and clinical pathology. Through hands-on training, graduates emerge as proficient medical laboratory technicians capable of performing diverse clinical tests and analyses, poised for impactful roles in healthcare diagnostics.

LLM

Master of Laws

The Master of Laws (LLM) program at SDDGPI College is a prestigious postgraduate degree designed to provide advanced legal education and training to aspiring legal professionals and scholars. This comprehensive program is tailored to meet the needs of law graduates seeking to deepen their understanding of specific legal areas, enhance their analytical skills, and pursue careers in diverse fields of law, both nationally and internationally.

POST BASIC NURSING

The Post Basic Nursing program at SDDGPI College is a specialized educational pathway designed for registered nurses seeking to advance their knowledge, skills, and expertise in nursing practice. This program is meticulously crafted to equip nurses with the advanced competencies and specialized training required to excel in various clinical settings and healthcare environments.

APPLIED SCIENCE

| SDDIET

SWAMI DEVI DYAL
INSTITUTE OF ENGINEERING AND TECHNOLOGY

Introduction

SDDIET, established in the Year 2001, happens to be one of the oldest and highly reputed Engineering Institutions of Haryana. The Institute has been awarded the International Quality Standards Certificate, ISO 9001:2008 based on its conformance to International Quality Standards in the field of Professional Education.

The department of Applied Sciences is established with the aim of enriching forth coming engineers with profound academic base. It focusses on enabling student to analyse and to tackle the situation of their professional life. The department prepares students for core engineering branches by educating them in the important domains of sciences like physics, chemistry, and mathematics.

*Science is about knowing;
engineering is about doing.*

Director Principal

Dr. Rahul Malhotra holds a Bachelor of Engineering from Amravati University and a Masters of Technology in Electronics and Communication Engineering from IK Gujral Punjab Technical University. His Ph.D. in Engineering and Technology is from Punjab Technical University in collaboration with Thapar University. With expertise in Evolutionary Computing Techniques and Wireless Communication systems, he has over 110 publications in esteemed journals, guided numerous research theses, and is a Fellow Member of multiple engineering institutions. Dr. Malhotra has also contributed significantly to the technical education sector, serving as Campus Director Principal since 2012.

CIVIL ENGINEERING

Civil Engineering encompasses the design of steel and concrete structures, soil mechanics, water resource management, highway and transportation engineering, and environmental studies. Through subjects like Structural Analysis, Hydrology, Geotechnology, and Environmental Engineering, students learn to design reinforced structures using software like STAAD PRO. Graduates secure placements in government departments like Railways, Military Engineering Services, and construction giants such as DLF and Unitech.

COMPUTER SCIENCE & ENGINEERING

The SDDIET Computer Science and Engineering Department drives the Indian software and hardware industry's growth through top-tier education. It fosters innovation and industry collaboration, attracting numerous recruiting companies. Alumni contribute expertise to global giants like Microsoft and Seagate. The department's advanced facilities include robotic labs, machine learning setups, and cyber security systems.

ELECTRONICS AND COMMUNICATION ENGINEERING

Electronics and Communication Engineering entails research, design, and evaluation of electronic devices and circuits. Students undergo theoretical and practical sessions to apply field principles effectively. Engineers in this field find ample opportunities across sectors like telecommunications, defense, railways, software engineering, VLSI design, and research and development in industries ranging from telecommunications to home appliances.

ELECTRICAL ENGINEERING

Electrical Engineering focuses on applying electricity, electronics, and electromagnetism. Engineers design circuits and equipment for diverse applications, from power plants to small hardware companies, spanning industrial machinery, computer chips, and ignition systems for various vehicles. Sub-fields include electronics, power engineering, telecommunications, control systems, RF engineering, and signal processing, encompassing a broad spectrum of technological domains.

MECHANICAL ENGINEERING

Civil Engineering encompasses the design of steel and concrete structures, soil mechanics, water resource management, highway and transportation engineering, and environmental studies. Through subjects like Structural Analysis, Hydrology, Geotechnology, and Environmental Engineering, students learn to design reinforced structures using software like STAAD PRO. Graduates secure placements in government departments like Railways, Military Engineering Services, and construction giants such as DLF and Unitech.

- Passed 10+2 examination with Physics, Chemistry, Maths and English.
- Obtained at least 45% marks in the aggregate of Physics, Chemistry and Mathematics.(42.75 for the reserve category candidates) in the qualifying examination.

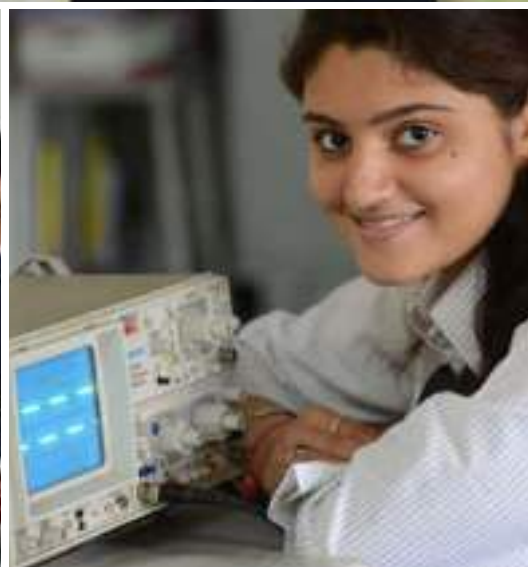

Lateral Entry

- Passed 3 years. diploma examination with at least 45% marks (40% in case of reserved category Haryana)
- Passed B.Sc degree from a recognized university with at least 45% marks

M.TECH

- Bachelor's Degree or equivalent in the relevant discipline.
- Obtained at least 50% marks (47.5% in case of reserved category candidates) in the qualifying examination.

SDDHDC

SWAMI DEVI DYAL
HOSPITAL AND DENTAL COLLEGE

Introduction

Swami Devi Dyal Hospital & Dental College was established in 2004 with intake of 100 students in BDS Course. The Govt. of India and Dental Council of India has granted permission to start MDS in 9 specialties with 3 seats each. The institute is committed to provide the best education and inculcate personal qualities among the students. The college has an excellent infrastructure and has well equipped departments and laboratories serving the needs of both patients and students.

100 Modern
Multi-Specialty Bed

Medical
Library

The Library has a collection of variety of Books and Journals for use by the Faculty and the Students. The campus is Wi-Fi enabled and provides Hi-Speed 1:1 RF connectivity Internet facility having a bandwidth of 16 Mbps. The Institute is approved and recognized by Haryana State Government.

Director Principal

It gives me immense pleasure to convey my best wishes to all of you. SDDHDC is one of the premier institutions in the field of dentistry in India and has reputation for attracting the best students. It is a matter of great pride that the college has made consistent progress year after year in academics and cocurricular activities apart from providing the 'State-of-art-facility' for patient care. The co-operation and help rendered by the faculty and administrative staff have been commendable. I am highly appreciative of the endeavors of the staff/ students. Our endeavor is to produce dental professional/s of the highest quality who are self-disciplined, honest and morally sound. As a result a good strength of our students excel in various competitions in India and abroad to successfully establish themselves as good academicians and dental professionals. "But I have promises to keep and miles to go before I sleep". This has been the inspiration for me all through my association with SDDHDC. Exploring new horizons and reaching the zenith is my dream for SDDHDC. I look forward to a future where SDDHDC is not one of the best but "THE BEST".

Dr. Nidhi Gupta

B.Pharmacy & D.Pharmacy

Introduction

Swami Devi Dyal Institute of pharmacy is established at the vast, clean and green campus of Swami Devi Dyal Group of Professional Institution with the vision to be centre of excellence of international repute in education and research in pharmaceutical sciences for the welfare of the people of country and those beyond boundaries.

The best way to find yourself is to lose yourself in the service of others.

Director Principal

Dr. Pooja Arora, Principal of Swami Devi Dyal Institute of Pharmacy has more than 23 years of experience in academics. She has a positive mindset and leadership ideology that encourages success through a variety of strategies to improve everyone under her supervision. Her primary focus is to ensure that the institute remains at the forefront of higher education by continuously elevating the standards of teaching, research and infrastructure. Her key areas of expertise are Herbal cosmetics, formulation and standardization of herbal drugs. She has many National and International publications in her credit. She has won many prestigious awards like Iconic Leadership in Academic Award, Rising Star Award, Women Excellence Award, Nation Builder Award, Best Academician Award, Best Teacher Award and many more. She is invited as a Resource person, subject expert and guest of honour in various seminars, conferences, symposium and talk shows. She is a lifetime member of IPGA, SPER, APTI and Society of Pharmacognosy. She inspires everyone in the institute to contribute their best efforts and uphold all the values.

Prof. (Dr.) Pooja Arora

SWAMI DEVI DYAL
COLLEGE OF LAW

Introduction

Swami Devi Dyal Law College started functioning in the Year 2007-2008. The College is approved by Bar Council of India and is affiliated by Kurukshetra University, Kurukshetra. The ambience and serenity of the Law College provides a healthy environment for the studies. The College has highly qualified, experienced and vibrant teaching faculty which provides an excellent blend of rigor and relevance in teaching. Students touch the lives of wide cross section of the society by visiting old age home and villages. Students and faculty actively participate in outreach programmes where they contribute their knowledge and provide technical expertise to community by visiting the schools and colleges. College encourages and propels graduates to imbibe the qualities of leadership and thereby instills in them a high level of trust and confidence. Extensive interactions with legal luminaries (Judges/Advocates/Professors) is done. Regular visits are organized to the High Court and District Courts. Moot Courts and debates are conducted by qualified teachers and advocates to enhance the legal aptitude of law students. Through the determined strategic and committed efforts, we are building the career of law students by providing plethora of co- curricular activities in conjunction with practical aspects.

Principal and Dean

Dr. Richa Ranjan ,B.A., LL.B.(Hons.),LL.M. , Ph.D. (M.D.University , Rohtak), Diploma in Labour Laws, Post Graduate Diploma in Human Rights and Certificate Course in Negligence and Laws, has been heading Swami Devi Dyal Law College for the last commendable Years and has 29 years of relevant experience in legal field. She has got highly acclaimed academic and administrative credentials. She is passionate about providing education to every class of society and has played significant role in helping the students develop essential transferable skills and many indispensable as well as commendable personal qualities, armed with strength and dignity. She always speaks with wisdom and delivers faithful instructions to students and faculty. She has supervised research leading to LL.M. and Ph.D. Degrees. She has published numerous research papers in legal journals of National and International repute. She has been a team leader throughout her professional career by organizing various co- curricular activities like Legal Aid Clinics, Mock Parliament, Moot Courts etc. and always inspired students to go for legal aid camps and workshops in rural areas.

Prof. (Dr.) Richa Ranjan

Principal and Dean

CAREER AND PLACEMENT CELL

FROM THE DESK OF TRAINING AND PLACEMENT OFFICER

SDDGPI Placement & Industry Interaction Cell is headed by the Training and Placement Officer Ms. Deepika Pundir guided by the Director-Principal of the different Institutes and assisted by the Student Placement Coordinators. The Cell takes up the role of facilitator between potential employers and students. It ensures that the students get information on companies and sectors of their interest. The Cell organizes certain orientation programmes, Soft skills training program grooming sessions, mock interview sessions for students of each stream. Besides, the Cell organizes various summer internship programmes for students to provide them with hands-on experience and introducing them to the professional environment. It is heartening to state that reputed industries across the country visit our college regularly for campus recruitment. Today, we have a strong alumni base with presence in almost every major company of corporate world. We have always fulfilled the expectations of our recruiters and hope to give our best this year also.

Ms. Deepika Pundir

Training and Placement Officer

CAREER AND PLACEMENT CELL

YOUR TIME TO SHINE!

TRAINING

Students undergo a mandatory internship in leading organizations as a part of their curriculum. This enables them to get exposure intackling live problems that occur in the working of an individual entity. These internships, along with various industrial visits keep the students informed about latest industrial trends.

PLACEMENTS

All the reputed organizations including MNCs come to the College for campus recruitment. To achieve its goal, the CPC works towards recognizing the core competencies of students, through a close knit organization and has a structure which conveys information to the students at the fastest possible rate.

INDUSTRY INTERFACE

SDDGPI has been continuously increasing its association with the industry and research organizations to share the expertise and experience amongst them. Experts from industry are regularly invited to deliver talks on special topics and guide the students in their project development, which may find direct application to the industry. Students are also exposed to industrial culture through regular industrial attachments of 6 to 8 weeks or more.

OUR DISTINGUISHED ALUMNI

MD Sanaul Ansari

Belrise Industries

Sddiet, Barwala, has helped me in many ways. I am proud to say that I belong to this wonderful temple of knowledge. Amidst state-of-the-art infrastructure accompanied by highly intellectual faculties, i have witnessed my skills and competence rising to a zenith. I am again very thankful to sddiet for providing me the opportunity to get into my dream job.

Rohit Sharma

Mahindra & Mahindra Ltd

My four years at SDDGPI have been one of the greatest experiences of my life. SDDGPI has been great contributor towards the development of my personality, leadership, time management and overall development. The SDDGPI has provided me the opportunity to fulfill my career aspirations and dreams. I am very thankful for the relationships I built and the people I met at this Institute.

MD Sanaul Ansari

Oceanering India, Chandigarh

My alma matter provided me with very qualified professionals and academics who made sure that we were the best at what we did. I had a complete makeover in my personality over the 4 years I spent in SDDGPI ; Be it learning professionalism developing work ethics, inculcating soft skills and forming some really beautiful bonds for a lifetime, SDDGPI has done it all for me.

Nibha

HCL Technologies

I got selected as a Software Developer in HCL Technologies. I spent some of the most memorable years of my Student life at SDDGPI studying Computer Science. We were taught by a dedicated and excellent batch of Professors and in addition to Classroom learning, the Industrial visits to neighboring Industries, as well as Seminars and various extra-curricular events made the learning a fruitful one!

Aman

Bebo Technologies

I got selected as a Software Developer in Bebo Technologies. SDDGPI equipped me for the world outside with the best skill set. Those four amazing years gave me much more than bookish knowledge; I met probably the best people in my life and some inspiring personalities. They also have started various activities which are more valuable for students pursuing career as Software Developer."

Versha

TTEC, India

Curricular activities along with great academics. It provided all the facilities and encouragement needed to attain high in life. Looking back, I can see my department was extremely important and a stepping stone in my career. It allowed me to develop my interpersonal skills, which are extremely important in any field of work.

OUR DISTINGUISHED ALUMNI

Monika

GlobalLogic

I got selected as a Software Developer in Global Logic Technologies. My four years in SDDGPI were one of my best experiences I ever had.
