*5 Year  
Warranty*

**FILTER POT** *mini*  
'Quality Shines Through'

This certificate extends the warranty of this BSP Stainless Steel Filter Pot for a period of 10 years (120 months) from the date of installation and/or practical completion of the unit, so long as a BuildCert inhibitor has been continuously used in the system where the Filter Pot is located. This warranty covers the repair or replacement of the unit at our discretion.

### What is covered?

The BSP Limited warranty for this BSP Stainless Steel Filter Pot covers manufacturing defects, under our standard terms and conditions of sale.

If the unit is identified with a manufacturing defect then no charge is made for correcting the defect.

The BSP equipment is manufactured to order and is clearly marked, where applicable, with a unique serial number, allowing traceability.

### What is not covered?

If a defect or problem arises as a direct result of the connected system, misuse, incorrect handling, incorrect installation or incorrect commissioning, then any visit or additional remedial work is chargeable.

If a defect is identified as a manufacturing defect, it will be addressed as described under 'What is covered'.

Installation costs and/or consequential losses are not covered by this agreement
