# WHY CHOOSE US.

## CONVENIENT

Our goal is to take care of all your packaging needs so that you can concentrate on your business. With our diverse product portfolio, we are able to supply your business with an extensive range of packaging, as well as ingredients, PPE, equipment, sundries, and more.

Our convenient ordering platform allows you to place your order however you choose, whether it is on the web, over the telephone, or even via our app.

We send all orders out by UK-wide next-day delivery as standard, or we may offer you a regular slot with one of our own delivery vehicles, depending on your location, ensuring a more convenient experience for you.

## TRANSPARENT

We greatly value the importance of transparency in our relationship with our customers. We make it a priority to inform you about any potential changes in product availability or pricing, as well as provide guidance on optimal product usage. With our extensive experience of over four decades in this industry, we have established ourselves as a reliable and trustworthy source of information.

## ENVIRONMENTALLY RESPONSIBLE

We understand that the food packaging industry is experiencing swift transformations in eco-responsibility. We are committed to supporting the government's efforts to reduce the use of disposable plastics. Whenever possible, we prioritise the use of recycled or recyclable plastic and offer greener options, such as Vegware and bio-cane, as alternatives.

## QUALITY

Ensuring quality is of utmost importance to us at our company. We are committed to ensuring that the quality of both our products and the service we provide is the best in the industry. With a dedicated account manager, we can provide you with specialist advice on the best products to meet your requirements and fulfil their intended purpose, saving you time, reducing your production issues, and saving you money.

We exclusively source our products from reliable and trustworthy suppliers who are known for producing exceptional-quality items.

# ABOUT US.

Weald Packaging Supplies are known as one of the top suppliers of packaging and sundries to the food processing industry. Established in 1983 by former Managing Director Alan Morton, his vision for a fast convenient packaging service to the food processing industry was created and quickly became very successful in the local area of Uckfield, East Sussex.

Over the next 20 years of development Weald Packaging expanded to larger premises in Buxted, which enabled the business to become a UK wide distributor of some of the best products in the industry. In his time Alan cultivated a team of packaging experts, three of which took over the daily running of the company in the year 2000. The replacement team consisted of Tony Willmott as Managing Director, Robin Farmer as Warehousing and Logistics Director and Michael Williams as Finance Director. Tony and his team took Alan's ethos and continued its progression over a further 20 years, securing business with some top names in the industry. The company successfully continued to grow despite difficult conditions such as the 2008 recession.

As the company approached its 40th Anniversary Tony, Robin and Michael handed the business on to existing members of the team. The new Directors in 2022 being Marc Willmott (Tony's son) appointed to take over as Managing Director after having worked in the business in numerous roles for 14 years and Ollie Manning as the Finance Director with over 7 years' experience in the business.

Today Weald Packaging Supplies continue to provide the highest level of customer service and are focused on finding customised solutions to meet the individual business needs of food processors and other food production environments. Our staff are always on hand to communicate and provide support with our products as needed.

Weald now has the largest range available in the company's history with a variety of Packaging, ingredients, PPE, Janitorial, Equipment, Sundries and more from some of the top brands such as MRC, Ripon, Sealed Air, Vegware, Hanmere and Vikan just to name a few.

We continually look for innovative and exciting products to enhance our product ranges.

Weald deliveries are some of the fastest available with customers able to receive regular orders next day across the UK through our delivery partners or via our own delivery vehicles.

**“ We go the extra mile, so you don't have to ”**

All the above boxes are compliant with the raw material and additive specifications set forth in Regulation (EC) no. 1935/2004 of the European Parliament and of the Council, as well as with the purity, organoleptic inertness, and no transfer of anti-microbial product specifications specified in that regulation.

**BOX LINERS**

We carry a variety of blue polythene liners that are primarily used to line boxes and trays, but they can be used for anything and are food-grade. All the products below are made in a BRC-accredited factory in the UK. This means that they are made to the highest standards and meet the requirements set out by the BRC.

**SIZES**

- 610x1020x660m / 40mu Blue Liner/ Cases of 350
- 585x1040x595mm /17.5mu Blue Liner /Cases of 800

- 610x457x457mm Bundles of 10

# VACUUM PACKAGING

## CLEAR VACUUM POUCHES

(70MU, 90MU AND 145MU)

Our pouches are commonly utilised for both fresh and cooked meats, such as ham, cured meats, bacon, cheese, smoked fish, vegetables, frozen foods, and coffee. They provide extended shelf life and preservation, while vacuum bags allow for convenient storage and pre-preparation of food. For instance, marinated meat for grilling can be prepared in advance and in larger quantities. Additionally, vacuum packaging helps prevent food waste and offers the advantage of space-saving storage. The vacuum bag is designed to fit the product perfectly and even prevents freezer burn during frozen storage. Our standard stock is 70 mu, but for products with slightly sharp edges, we can provide thicker options of 90 and 145 mu.

### PRODUCT FEATURES AT A GLANCE:

- PA/PE (polyamide/polyethylene) made of a multilayer film
- Suitable for the use of all vacuum chamber machines
- NOT suitable for vacuum equipment with external extraction
- 100% free of plasticizers
- 100% BPA-free
- Food safe, tasteless and odourless
- Suitable for storage in cooling and freezing.

### WHAT ARE THE ADVANTAGES OF VACUUM BAGS?

- The freshness of the products is preserved longer.
- Vacuum packaging is hygienic.
- Save time with fast packaging.
- Space-saving storage of food
- Wide range of applications

## SILVER BACKED CLEAR FRONT

Clear polyester/polyethene barrier compound on the front and PET/MET (metallized polyester) on the back. These pouches are only to be used with standard chamber vacuum sealers.

- Silver Backed/Clear Front + Euro Hole
- Barrier properties (gas/oxygen barrier)
- Only suitable for vacuum chamber machines
- Not suitable for external suction vacuum sealers
- 100% BPA-free
- Excellent presentation

### STOCK SIZES AVAILABLE:

- 100x175mm
- 120x200mm
- 160x240mm
- 180x275mm
- 180x330mm
- 200x250mm
- 200x300mm
- 220x300mm

## GOLD BACKED CLEAR FRONT

Compared to conventional vacuum bags, metallized gold vacuum bags feature a more elegant appearance. Clear polyester/polyethene barrier compound on the front and PET/MET (metallized polyester) on the back. These pouches are only to be used with standard chamber vacuum sealers.

- Gold Backed/Clear Front + Euro Hole
- Barrier properties (gas/oxygen barrier)
- Only suitable for vacuum chamber machines
- Not suitable for external suction vacuum sealers
- 100% BPA-free

### STOCK SIZES AVAILABLE:

- 110x250mm • 180x300mm
- 110x325mm • 200x250mm
- 140x200mm • 200x300mm
- 160x200mm • 230x250mm
- 160x250mm • 250x250mm
- 160x300mm • 250x300mm
- 180x200mm • 250x350mm
- 180x230mm

## BOILABLE

Our vacuum pouches, which can be boiled, are ideal for sous vide cooking. They can withstand temperatures of up to 120°C. To achieve precise cooking, place the vacuum-sealed product in a water bath with a controlled temperature. Our boilable vacuum pouches offer exceptional temperature stability, guaranteeing the safety and perfect cooking of food while enhancing its flavour. They are suitable for cooking various types of food.

### STOCK SIZES AVAILABLE:

- 150x200mm • 250x350mm
- 200x200mm • 300x450mm
- 200x300mm • 400x500mm
- 200x400mm • 400x600mm

Other sizes are available subject to a minimum order

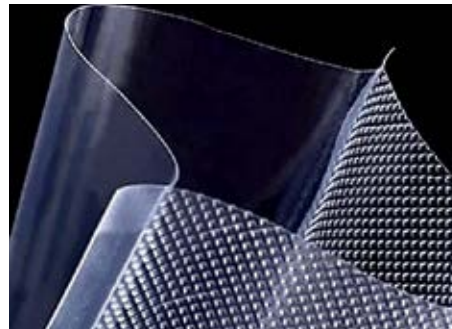

## EMBOSSED VACUUM POUCHES

### FOR USE WITH DOMESTIC-TYPE VACUUM PACKERS

These vacuum pouches are more suited for low usage and are perfect to use at home in your kitchen. The pouches have a structured embossing on one side of the bag; this is to help draw the air out of the bag. These bags only work with a domestic type of sealer, like the JML Food Sealer that we always stock. When you remove the air from around food, you reduce the potential for bacteria to infest it, turning it rotten. This way of sealing food means that you can bulk-cook food in batches and then freeze or refrigerate sealed portions to use in the future. Cooking this way saves you so much time as well as money.

#### STOCK SIZES AVAILABLE IN MULTIPLES OF 100:

- 200x250mm
- 200x300mm
- 250x300mm
- 250x350mm
- 300x400mm
- 200mm Rolls x6m
- 250mm Rolls x6m
- 300mm Rolls x6m

## BLACK BACKED CLEAR FRONT

These black and clear pouches add to shelf impact and give products a high-quality appearance. The front of these pouches is transparent, and the inside and the reverse are black.

#### STOCK SIZES AVAILABLE:

- 200x250mm
- 200x300mm

Other sizes are available subject to a minimum order of: 10,000.

## BLUE TINT 70MU VACUUM POUCHES

Blue Tint Vacuum Pouches play a crucial role in the food processing industry by aiding in the detection and distinction of various products.

#### STOCK SIZES AVAILABLE:

- 140x200mm • 300x400mm
- 165x250mm • 400x600mm
- 200x300mm • 500x600mm

OTHER SIZES AND SPECS AVAILABLE.

## PAPER LOOK/PARCHMENT VACUUM POUCHES 70MU

Parchment or paper-look vacuum pouches offer a great option for presenting products instead of using clear vacuum pouches. The artisan touch adds a high-quality touch, and the innovative film ensures excellent protection against moisture and gas. These pouches are ideal for packaging small cheese wedges and even biltong.

#### STOCK SIZES AVAILABLE:

- 140x190mm
- 165x190mm
- 150x160mm
- 165x220mm

## PRINTED/BESPOKE VACUUM POUCHES

We have a close working relationship with a reputable manufacturer that has been specialising in custom packaging for more than four decades. We offer assistance in creating and printing custom vacuum pouches. Moreover, we have recently introduced eco-friendly packaging options that can be customised to match your brand, providing exclusivity and sustainability.

## GOLD/SILVER BACKING BOARDS

The backing boards are a fantastic option for showcasing your products and are especially popular for charcuterie and fish products. We have various sizes in stock, but we can also provide customised sizes, depending on the minimum order requirements. These boards have a silver side and a gold side, and we can provide the ideal vacuum pouch in the desired size, along with a gold or silver backing board.

### STOCK SIZES AVAILABLE:

- 120x215mm • 170x240mm
- 150x210mm • 170x325mm
- 170x225mm • 180x540mm

## SHRINK BARRIER BAGS - 38MU

Our shrink bags are extremely popular in the meat industry. The bags are vacuum-packed and then dipped into a hot water tank for a few seconds. The bags will then shrink up to 45%, giving a second-skin-like look to your product.

The bags offer high strength and an excellent EVOH barrier. If you require bags that are thicker than 38mu, please contact us, as we can supply thicker films.

OTHER SIZES ARE AVAILABLE UPON REQUEST.

### STOCK SIZES AVAILABLE:

- 250x300mm • 300x550mm
- 250x400mm • 300x600mm
- 250x550mm • 300x900mm
- 250x700mm • 350x450mm
- 280x750mm • 350x550mm
- 300x350mm • 350x650mm
- 300x400mm • 400x500mm
- 300x450mm • 400x600mm
- 300x500mm

## BONEGUARD ROLLS

Non-woven boneguard, a well-liked wrapping material in the game industry, is commonly used to protect large and sharp bones. We provide two sizes of rolls, each measuring one hundred yards in length. This material effectively safeguards vacuum pouches and barrier bags against bone-induced damage. It is widely used in the fresh meat and game sectors.

- **Boneguard cut sheets are also available.**

## POLYPROPYLENE SHEETS

Polypropylene sheets, commonly known as PPL sheets, are used to interleave products, for example, parma ham. Any size can be made to order, subject to minimum order quantities.

### OUR STANDARD SIZES:

- 275x275mm (Clear /30mu)
- 360x480mm (Clear /30mu)
- 115x210mm (White /35mu)
- 115x210mm (Clear /30mu)
- 155x250mm (White /35mu)
- 155x250mm (Clear /30mu)

## DRY AGE BAGS

Dry Age Bags will allow you to dry age effectively and quickly using any refrigerator rather than a Dry Ager or Dry Age Cabinet. The dry-ageing process produces a tasty, tender, and attractive final product. Weald Dry Age bags are made from a special material that permits moisture and oxygen to flow through, creating a connection with the meat and shielding it from any foul tastes or pollutants throughout the dry ageing process. Weald Dry Age Bags do not require any special lighting or humidity control and can be used in any type of refrigeration unit. They are also compatible with both commercial and desktop sealers.

### STOCK SIZES AVAILABLE:

- 200x400mm
- 250x500mm
- 350x450mm
- 250x350mm
- 250x550mm
- 400x700mm
- 250x400mm
- 300x600mm

# TAKEAWAY PACKAGING

## COFFEE CUPS & LIDS

The double-walled cups are made with two layers of environmentally friendly materials and have excellent insulation properties. We also have black ripple cups available in two sizes, which are also biodegradable. Additionally, we offer a custom print service to help promote your brand, but there is a minimum order requirement.

- 8oz Black Ripple Cups
- 12oz Black Ripple Cups
- 8oz Double Wall Green Tree Design Cups
- 12oz Double Wall Green Tree Design Cups
- Black, White or Paper Compostable Lids for all of the above

**OTHER SIZES ARE AVAILABLE ON REQUEST**

## CUTLERY

Our wooden cutlery is elegantly crafted, durable, and ideal for both hot and cold dishes. It showcases a charming rustic design and is responsibly sourced from renewable birchwood.

**ALL AVAILABLE IN PACKS OF 100**

- 6.5" Wooden Fork
- 6.5" Wooden Knife
- 6.5" Wooden Spoon
- 4" Mini Wooden Spoon

## SOUP CONTAINERS

We offer compostable and durable designs that are made from board sourced sustainably and lined with plant-based PLA. We have options for paper lids as well as CPLA flat lids. Additionally, you have the opportunity to promote your brand through our custom print service, with a minimum order requirement.

**AVAILABLE IN THE FOLLOWING SIZES:**

- 4oz • 12oz
- 6oz • 16oz
- 8oz • 24oz
- 10oz • 32oz

## TAKEAWAY BOXES

Bagasse is a fashionable and environmentally friendly alternative to polystyrene. It is suitable for both hot and cold food, including wet and oily dishes. This takeaway box is made from recycled sugarcane, and its natural fibres make it a durable and cost-effective option. Unlike other containers, it prevents condensation, ensuring that hot food remains crispy while keeping pies from becoming soggy.

### AVAILABLE IN THE FOLLOWING SIZES:

- 6" Burger Box
- 7"x5" Regular Box
- 9"x6" Large Box
- 9"x6" two compartment

Other sizes are available upon request

## SANDWICH PLATTERS SANDWICH & WRAP BOXES

The compostable sandwich wedges and wrap boxes, which are provided in a flat form, are simple to put together. The interior is lined with plant-based PLA to maintain freshness and includes a transparent window. There are multiple designs and sizes to select from. Suitable for refrigerated food only.

### AVAILABLE IN THE FOLLOWING SIZES:

- Regular Sandwich Platter Box & Insert (12"x8.9"x3.2")
- Large Sandwich Platter Box & Insert (17.7"x12.2"x3.2")
- Platter Box Half Insert
- Platter Box Quarter Insert
- Platter Box Eight Insert

## WRAP BOXES

### AVAILABLE IN THE FOLLOWING SIZES:

- Standard 65mm Kraft Sandwich Wedge
- Deep Fill 75mm Kraft Sandwich Wedge
- Triple 85mm Kraft Sandwich Wedge
- Tortilla/Wrap Kraft Carton
- Kraft Baguette Tray

## SALAD BOXES

Windowed boxes are ideal for serving cold salads, delicious desserts, and convenient snacks on the go. They are made from sustainably sourced kraft board and are lined with a grease-resistant, water-based material. The clear windows in these boxes are constructed from plant-based PLA, and they can be commercially composted along with food waste, wherever it is accepted.

### AVAILABLE IN THE FOLLOWING SIZES:

- Medium Window Box 650ml (4.7”x4.7”x1.8”)
- Large Window Box 1100ml (7.1”x5.3”x1.8”)

## FOOD CARTON/ NOODLE BOXES

Windowed boxes are ideal for serving cold salads, delicious desserts, and convenient snacks on the go. They are made from sustainably sourced kraft board and are lined with a grease-resistant water-based material. The clear windows in these boxes are constructed from plant-based PLA, and they can be commercially composted along with food waste, wherever it is accepted.

### AVAILABLE IN THE FOLLOWING SIZES:

- No.1 food carton 700ml (11x9x6.5cm)
- No.2 food carton 1500ml (19.5x14x5cm)
- No.3 food carton 1800ml (19.5x14x6.5cm)
- No.5 food carton 1050ml (15.2x12.1x5cm)
- No.8 food carton 1300ml (15x12x6.5cm)
- 32oz kraft noodle box (9x7x10.7cm)

## NAPKINS

WE STOCK A WIDE SELECTION OF NAPKINS TO CATER TO DIFFERENT NEEDS.

- 25cm Square Black Napkins 2ply/3ply
- 25cm Square White Napkins 2ply/3ply
- 40cm Square Black Napkins 2ply/3ply
- 40cm Square White Napkins 2ply/3ply
- 24cm 2-ply Unbleached Napkin (Vegware)

We can supply other sizes and various colours to meet your requirements.

## COLD CUPS & LIDS

- 1oz
- 2oz
- 3oz
- 4oz

## CARRIER BAGS

We stock a comprehensive range of carriers, including paper, polythene, and even compostable. It is very versatile and is popular in many industries, such as the takeaway industry, markets, and fruit and vegetable shops. These bags are reusable and can be printed with your logo or branding on special request.

### AVAILABLE FROM STOCK:

- WP6 HD 11"x17"x21" Carrier Bags (Polythene)
- WP12 12"x18"x23" White Carrier Bags (Polythene)
- 7"x10.5"x8.5" White Paper Handle Carriers
- 7"x10.5"x8.5" Kraft Paper Handle Carriers
- 8"x13"x10" Kraft Paper Handle Carriers
- 10"x15.5"x10" Kraft Paper Handle Carriers
- Medium Compostable (Vegware) Carrier 6"x11"x21"

## SEAL & FRESH KRAFT BUTCHERS BAGS

The use of printed Kraft gum seal counter bags offers a more elevated and sophisticated alternative to traditional plastic counter bags. It provides a modern way to showcase your premium cuts of poultry and fresh meat. The use of Kraft paper effectively prevents the meat from sweating and guarantees leak-proof packaging. Additionally, these bags are suitable for refrigeration and freezing, making them perfect for storing meat. Using these bags in-store is also simple; just remove the gum strip tape cover and seal the package with the folded flaps.

250 x 300mm	1200
360 x 300mm	900

## WHITE SULPHITE STRUNG PAPER BAGS

The sulphur paper bags we provide are an excellent choice for packaging takeout sandwiches and snacks. This simple yet effective product is not only affordable but also highly functional for its intended use. With complete recyclability and biodegradability, this product proudly promotes eco-friendliness that would impress even the most environmentally conscious consumers. Its affordable price per bag and straightforward design make it accessible to everyone, and its compact size allows for easy storage.

SIZE	UNIT
7"x 7"	1000
8.5"x 8.5"	1000
10"x 10"	1000
12.5"x12"	500

## KRAFT STRUNG PAPER BAGS

These paper bags are perfect for taking away various types of food, including sweets, groceries, fruits, and sandwiches. Additionally, they can be used for a broad range of purposes beyond food containment. The Brown Kraft bags are crafted from durable 33 gsm paper, which makes them sturdy and long-lasting.

SIZE	UNIT
7"x 7"	1000
8.5"x 8.5"	1000
10"x 10"	1000
12.5"x12"	500
13"x14"	500

## YELLOW KRAFT PAPER BAGS

These paper bags serve as an excellent option for a diverse array of food items, like produce, essentials, and sandwiches. Furthermore, they are versatile and can be employed for a wide range of applications beyond just food storage. The yellow kraft bags are quite like the brown ones, but they are stronger and can handle heavier weights without tearing. This makes them a superior choice in terms of quality and reliability.

SIZE	UNIT
8.5"x 8.5"	1000
10"x 10"	1000
12.5"x12"	500

## WHITE GREASE PROOF PAPER BAGS

Crafted to perfection, these food pouches are designed to accommodate steaming hot foods, such as pastries, hot dogs, and pasties, which would otherwise leave unsightly grease stains on the consumer. Created from a lightweight, greaseproof material, these pouches feature a top opening, allowing the customer to easily consume the contents while holding onto the exterior packaging, ensuring a more hygienic dining experience.

Additionally, one side of the opening is elongated, providing a convenient temporary covering for those on-the-go moments. These compact and streamlined pouches are delivered flat-packed, making them an ideal choice for street food vendors and anyone looking to save space.

SIZE	UNIT
7"x 7"	1000
8.5"x 8.5"	1000
10"x 10"	1000

## FILM FRONTED PAPER BAGS

These white bags with a film-fronted design are perfect for food businesses that sell sweets, pastries, and baked goods for takeout. They are environmentally friendly and offer a convenient way to highlight and transport savoury treats like sausage rolls and sweet delights like cakes and biscuits. These bags are compostable and provide a clear window for customers to see the contents of the package.

SIZE	UNIT
7"x 7"	1000
8.5"x 8.5"	1000
10"x 10"	1000
10"x 12"	1000
4"x 6"x 14"	1000

# CASINGS

We offer a variety of casings to suit your needs, whether you are a home user or a processor. These casings include chipolata, hog, collagen, and even vegetarian options. Our natural casings are made from the small intestines of sheep or pigs, while collagen casings are made from animal hides. Vegetarian casings, on the other hand, are made from natural, renewable, vegan, and water-soluble materials. The casings are vacuum-packed with either salt or saltwater. We recommend soaking the natural casings in fresh, cold water for at least 2 hours and rinsing them before use. However, collagen casings are ready-to-use and do not require soaking.

## SHEEP CASINGS

Sheep casings are smaller and softer than casings from pigs or cows. They can be cooked or dried in different ways. Smaller sheep casings are used for making snack sticks, breakfast links, small sausages, and pepperettes. Bigger sheep casings are used for making hot dogs, frankfurters, chipolata, landjaegar, or bratwurst. Our sheep casings are great for any recipe you want to make and can be easily twisted into sausage links. Just choose the size that you need.

- 22/24 Spooled Sheep (Rigid Tubes) 80m (Makes approx. 16kg Sausages)
- 18/22 Loose Bundles on Green Ring 80m (Makes approx. 16kg Sausages)
- 22/24 Loose Bundles on Red Ring 80m (Makes approx. 16kg Sausages)

## HOG CASINGS

Hog casings are the traditional choice when making any type of link sausage like bratwurst, Italians, and kielbasa. This type of natural casing is also commonly used for making smoked polish sausages, ring bologna with a small diameter, and landjäger.

- 32/34 Tubed Hog (Flat Soft Tubes) 80m (Makes approx. 45kg Sausages)
- 35/38 Loose Bundles on Black Ring 80m (Makes approx. 45kg Sausages)

## COLLAGEN CASINGS

Collagen casings are sausage casings made from collagen found in cow or pig tissues. They are cheaper and provide more consistency in size and weight compared to natural casings. They are easy to use, and they do not need to be soaked before stuffing. There are two types of collagen casings available based on their processing method.

- Colfan 28 F/KN 864m per caddy
- Colfan 21 F/KN 914m per caddy

Please contact us for more information on other sizes and also on the Vegetarian casings, as these are not stock items but can be ordered.

**If you are looking for plastic or fibrous casings to make charcuteries products please contact us.**

# INGREDIENTS, GLAZES, & CURING SALTS

# RUSK & CRUMBS

Rusk, which is a dried cereal ingredient, is known for its exceptional microbiological cleanliness. It is primarily utilised as a filler and binder in meat products. The manufacturing process of rusk involves baking, drying, and blending wheat flour, salt, and a raising agent. This traditional and slow process ensures the production of a consistently high-quality product that can absorb double its weight in water without becoming soft and mushy.

## **Pinhead Rusk**

Is the most popular grit size, widely used in the production of sausage product ducts and as an ingredient for dried stuffing mixes. (20kg Sacks).

## **Medium Rusk**

Is the same as the Pinhead rusk, just with thicker particles for a more rustic sausage. (20kg Sacks)

## **Superfine Rusk**

Is widely used as a carrier for flavours, colours, and seasonings, but because of its larger particle size than Extra Fine, it is also highly suitable for use in beef burgers to help bind and absorb free water. (20kg Sacks)

## **Bread Crumb**

Is manufactured from wheat flour, salt, yeast, and either natural food dyes or spices (if required) to colour the crumb. Typical colourings used are Paprika, turmeric, and annotote, used either singularly or in combination as per the EC Colours Directive. Breadcrumb is manufactured in a variety of grits to suit individual customer requirements.

## **Classic Golden Crumb (11)**

Generally used for breading poultry and fish products and produces a classic golden colour when cooked, like Kiev's, for example.

## **Classic Orange Crumb (19)**

Great products for coating scotch eggs and fish fingers

## **Classic Dark Orange Crumb (72)**

You would normally use this Crumb to coat your hams and other meat products.

- *Gluten free rusk also available*

## SAUSAGE SEASONING

Add your own Rusk, Meat and Water.

### 1074 / TINTED PORK

- Pink free-flowing powder, spicy with pepper flavour.

### 1075 / PLAIN PORK

- Beige free-flowing powder with brown speckles, spicy with pepper flavour.

### 1028 / LINCOLNSHIRE TINTED PORK

- Pale dusty pink coloured powder with coarse green particles of herbs with pepper flavour.

### 1079 / CUMBERLAND PORK

- Dusty, pink-coloured powder with green particulate inclusions of herb.

### 1232 / OLD ENGLISH PORK

- Dark pink powder with particles of green herb.

### 1342 / CAMBRIDGE

- Pale dusty pink powder with peppery and herby back notes.

**AVAILABLE IN 6.36KG PAILS USAGE RATE OF 2.5%.**

We can supply other brands such as Dalesman, Lucas, Newlyweds but we would have to order these in.

## SAUSAGE MIXES

**Our Sausage Mixes are made in the UK and come in handy pouches. All you need to do is follow our recommended recipe and add meat and water.**

### 1096 CUMBERLAND (907g /907g x12)

- A complete mix for Cumberland sausages, a creamy-coloured coarse mix, savoury with pepper and spice notes.

### 1118 PORK & APPLE (1.36kg/Case x8)

- Pale pink seasoning with coarse particles of rusk, apple, and herb.

### 1123 ROMANY (1.36kg/Case x8)

- Pale beige coarse powder with green particles of herb, an old favourite and one of our best sellers.

### 1186 GLUTEN FREE (1.36kg/Case x8)

- Pale pink speckled powder made with rice flour instead of rusk to keep it gluten-free with herb extracts of pepper, nutmeg, coriander, sage, and cayenne.

### 1195 OLD ENGLISH (1.36kg/Case x8)

- This sausage mix is made up of a fine cream-colored powder mixed with pieces of rusk, herbs, and onion.

### **1326 PORK & HONEY**

- Another beige coarse powder with friendly and sweet dried honey, a real family favourite.

### **1378 KENTISH HOP**

- A savoury coarse mix with rusk, herb, and onion particulates. this is our best-selling sausage mix for the last 25 years and you will not be disappointed.

### **1414 FANFARE**

- A very coarse mix and is sometimes called a breakfast sausage due to its rustic and pleasant flavour profile. this is a great sausage to use as a base and you can add your herbs and spices.

### **1790 HOT SPANISH**

- Also known better as a chorizo sausage mix, a premium hot and spicy sausage mix with a vibrant red colour to really catch the eye on the counter.

## **BURGER MIXES**

**Burger Mixes – Easy to use just add meat and water to the pre-mixed packets.**

### **2028 COMPLETE BEEF BURGER MIX**

- Light beige free-flowing powder, with gentle spicing to compliment a full meaty flavour, a simple but effective mix also great as a base mix for you to add your own herbs and spices too. (Available in 340g packets or cases of 28 x340g packets)

### **2042 TASTY BURGER AND ONION MIX**

- Similar flavour profile to the Beef Burger Mix but with a pink tint and pieces of dehydrated onion by far our most popular Burger Mix, compliments Beef and Venison perfectly. (Available in 340g packets or cases of 28 x340g packets)

### **2048 LAMB AND MINT BURGER MIX**

- Pink granular powder with herb particles, the typical flavour of the product. (Available in 340g packets or cases of 28 x340g packets)

### **7078 VEGETABLE BURGER MIX**

- This simple vegetarian burger mix has a good mixture of Soya, Peas, Onions, Breadcrumbs, Barley, Peppers, Tomatoes and ground Celery Seeds. (Available in 20kg cases, usage rate is 38.5%)

We are honoured to collaborate with the Leonards, a locally owned company established in the late 1980s. They specialise in creating exceptional sausage and burger mixes, all meticulously crafted in their Uckfield factory. Their products receive consistent acclaim for their mouth watering flavours and exceptional quality.

## SAUSAGE MIXES:

### OLD ENGLISH

Award-winning sausage mix, with loads of pepper, herbs and onion

### GARLIC SUPREME

Plenty of garlic and complemented with rosemary & oregano

### PORK & CHESTNUT

Plenty of kibbled chestnuts and a sprinkle of parsley

### **TEXAS**

Smokey & gently spicy. Perfect for the BBQ season

### **FIRECRACKER BURGER**

Three different types of Chilli and a background note of Star anise.

### **CHICKEN**

Hints of nutmeg and pepper.

## GLAZES

### **Apple Caramel**

Natural apple flavour, with a sweetness of caramel.

### **Fresh Mint**

Lots of rubbed mint with a balance of sweet & sharp notes.

### **Garlic Butter**

Subtle, sweet garlic with a creamy butter flavour.

### **Hot & Spicy**

The hottest glaze we have done so far. This will make those tastebuds dance.

### **Jamaican Jerk**

Classic jerk sharp tang and spicing with a warming chilli kick.

### **Lemony Garlic**

a punch of sharpness that perfectly compliments the sweetness of the garlic

### **Tikka Masala**

The ultimate rich glaze. Great depth of flavour that's not too spicy.

### **AMERICAN CHARGRILLED**

All the flavour a BBQ brings.

### **BEEF & RED ONION**

A high quality mix brimming with onion & subtle spices to enhance.

### **CHINESE PORK**

Star anise and light sweet spicing.

### **CRACKED BLACK PEPPER & SEA SALT**

Sea salt and cracked black pepper, a simple combination that enhances the meat.

### **GLUTEN FREE BEEF**

A high quality mix with subtle spices to enhance the flavour of the meat.

### **GLUTEN-FREE BEEF & ONION**

A high quality mix with subtle spices & brimming with onion.

### **Peking**

Star Anise carefully combined give this rich red glaze striking visuals and taste

### **Piri-Piri**

A hot and spicy glaze with an added boost of freshness of lemons.

### **Smokey BBQ**

Sweet & Smoky notes for a distinctive BBQ flavour

### **Sticky Maple**

Sweet, sticky maple works well with Chicken and Pork

### **Sweet & Sour**

Sweetness and sourness with light spicing.

### **Tandoor Hot**

A truly hot but tasty glaze, with plenty of curry spices to add depth of flavour.

# CRUMB & COATER

## **KANSAS BBQ**

Smoky & Sweet, with tomato notes. A classic mild BBQ flavour.

## **FIERY BBQ**

EXTREME Heat backed up with flavour from Herbs, Garlic & Onion.

## **TEXAS BBQ**

A classic mild BBQ flavour with plenty of paprika. Oregano, Thyme, Basil & a hint of Tomato.

## **KATSU**

Sweet, Salty & Spicy all wrapped up in a Curry flavour.

## **GARLIC BUTTER**

A classic Crumb coater loaded with Garlic and rich Buttery notes.

## **LEMON PEPPER COATER**

The classic blend with onion, bell peppers and gluten free crumb means the whole family can enjoy.

## **SWEET CHILLI & LIME COATER**

Zingy lime and spicy chilli combined with a gluten free crumb. Perfect for a colourful counter.

# STUFFINGS:

## **CRANBERRY & ORANGE**

Orange oil gives a little bitterness to compliment the sweetness of the cranberries in this gluten free stuffing. Works well with game as well as poultry

## **CRANBERRY & CHESTNUT**

Not just for Christmas, cranberry, chestnut and apple blended together in a stunning gluten free stuffing

## **LEMON & THYME**

A classic, but taken up a level. With a nice sharp/sweet balance from the lemon against the earthiness of the herbs

# MARINADES

Lafiness Butchers' marinades are perfect for customers who want to barbecue, cook slowly in the oven, or create a quick and easy meal. These marinades have a clear and shiny appearance and offer a balanced and delicious flavour. They also help maintain the juiciness of the meat and reduce shrinkage during cooking. Additionally, they prevent oxidation and discoloration when displayed. These marinades are made from high-quality rapeseed oil, which is low in saturated fat. It can be heated to high temperatures without losing its antioxidants, character, colour, or flavour. Moreover, these marinades are non-GMO and gluten-free.

## RED CHILLI

- Hot, flavoursome and fruity!

Whatever size you need, from Italian seasoning to leek flakes to dried onion, parsley, chilli, or cumin, we can provide it.

**Please speak to one of our sales advisors, who can help you with your specific requirements.**

# SUNDRIES

# TWINE

Our high-quality rayon twine is suitable for use with food. It is the preferred choice for butchers, bakers, and chefs. We offer a variety of colours, including white, red and white, green and white, and blue and white. The rayon twine is conveniently stored on plastic spools. It is a thin and versatile twine that is perfect for food preparation, especially for tying briskets and linking sausages in a continental style. This twine is discreet and will enhance the presentation of joints. It is made from durable and high-quality rayon yarn.

- No.5 Twine - Break Load (67kg)
- No.6 Twine - Break Load (50kg)
- Red & White Twine
- Blue & White Twine
- Green & White Twine

**SOLD IN SINGLES OR PACKS OF 6.**

# POULTRY LOOPS

Food ties can be used for a wide range of packaging and cooking needs, including securing meat and poultry. In addition to being fully roastable, they allow you to secure and prepare products quickly and efficiently.

We use elastic loops to prevent excessive pressure on the meat, minimise blood loss, and bruises, and preserve weight. Using our meat ties eliminates the need to tie knots when rolling up meat. Their flexibility, hygienic properties, and ease of use make them ideal for use.

**WE CAN OFFER THEM IN THE FOLLOWING COLOURS AND SIZES:**

- 5.5cm Red/White (Max Stretch to 11cm) 1000/5000 per case
- 5.5cm Green/White (Max Stretch to 11cm) 1000/5000 per case
- 5.5cm Blue/White (Max Stretch to 11cm) 1000/5000 per case
- 9cm White Loops (Max Stretch to 18cm) 7000 per case
- 12.5cm White Loops (Max Stretch to 25cm) 5000 per case
- 15cm White Loops (Max to 30cm) 5000 per case

## ELASTICATED MEAT NETTING

Our netting is made in the UK, has proved very popular over the years, and is of the best quality in the world! Netting is traditionally used for either boiling or roasting gammon, joints, and other meat products and is best used for keeping the products in their original shape while cooking. There are many types of netting on the market, and we have tried to stock the most popular without compromising on quality. Please see below for what we can offer you.

## CLASSIC ROAST

A lower tier netting, developed to give a traditional netting appearance whilst offering best value:

Available sizes: 50mm-300mm widths on 100mtr rolls.

- **Colours available:** Red/White, Blue/White, Green/White, White
- **Stock sizes:** 150mm White, 180mm White, (all other available sizes are subject to a minimum order of 10 rolls x100m)

## MINIMESH BOIL

As one of our higher tier nets, it provides more compression than our middle and lower tier nets.

- **Available sizes:** 50mm-300mm widths on 100mtr rolls.
- **Colours available:** - Red/White, - Blue/White, - Green/White, - White
- **Stock sizes:** 200mm White, 200mm Red/White, 200mm Blue/White, 225mm White, 250mm Red/White, 275mm Red/White.

## BURGER DISCS

Our top selling burger discs are made from polypropylene (PPL) and prevent burgers from sticking together when being stacked and are freezer safe. We also have a variety of other burger disc options available, including:

- 4" and 5" in boxes of 5,000.

## PAPER BURGER DISCS

- 120mm White Scalloped White Retainer Burgers Papers
- 114x114mm Burger Papers for Machines
- 127x127mm Burger Papers for Machines

**OTHER SIZES AND SHAPES ARE AVAILABLE UPON REQUEST.**

## MUTTON CLOTH/STOCKINETTE

Our Meat Stockinette is ideal for wrapping all kinds of meat, including beef, lamb, and pork. It is manufactured and processed in a UK factory using high-quality yarn. We stock 2kg rolls sold in singles or cases of 10 rolls; other sizes are available upon request. All materials have been tested and certified to prove they are suitable for use with meat.

We can supply many different types of stockinette to customers within the food industry, from butchers to wholesale meat suppliers, abattoirs, and food processors. The stockinette is used to cover the food, keep it clean, assist in handling, and improve the presentation.

## S HOOKS

These stainless steel hooks are perfect for holding all types of meat. They are available in both 4 and 6-inch sizes from stock. The pointed ends make them perfect for piercing and hanging the meat. Larger sizes are available upon request.

### WE CAN ALSO SUPPLY:

- Gambrels
- Swivel Hooks
- and other speciality stainless steel products.

## PROVISION PINS

Provision Pins (2 inches), which are also known as butcher's pins' or deli pins, have gained popularity in the catering industry and are widely used in various settings such as shop displays, buffets, weddings, parties, and market stalls. These pins are versatile and can be used to label and organise items in an aesthetically pleasing way.

- PROVISION PINS (2INCH) – 1000 PER BOX
- PROVISION PINS XL X 144 3 7/8" - 144 PER BOX

## CUTTERBOX CLINGFILM & FOIL

Our company provides an extensive range of user-friendly clingfilm and foil rolls, ideal for individuals, as well as cafes and delicatessens. Our assortment is crafted using top-notch materials, ensuring their exceptional performance and reliability.

- 300MM X300M CLINGFILM
- 450MM X300M CLINGFILM
- 450MM X75M CATERING FOIL

## KEBAB STICKS

Our selection of kebab sticks is perfect for a variety of occasions, including BBQs, parties, and other festive events. It is important to note that our supplier is accredited by the BRC, ensuring that our wood is responsibly sourced from renewable sources. While we do carry a limited selection of kebab sticks in our inventory, we are also able to provide a much broader range of options through our trusted supplier, Spikomat. If you are interested in exploring the various choices available, we can provide you with a copy of their comprehensive catalogue upon request. Please don't hesitate to contact us for further information.

### STOCK SIZES:

- **Bamboo: 6"/ 8"/ 10"**
- **Birchwood: 6"/8"/ 10"**

## NECK SEALING TAPE

This top-notch vinyl tape is perfect for securely sealing bags and can be used with any type of bag sealer. With a core diameter of 75mm and a tape width of 9mm, it provides ample coverage. The roll itself stretches an impressive 66 metres in length, ensuring long-lasting usage. Not only that, but it is also highly resistant to both acids and alkalis, making it incredibly versatile and capable of handling a wide range of environmental conditions.

Available in a variety of different colours, including:

- GREEN
- RED
- BLUE

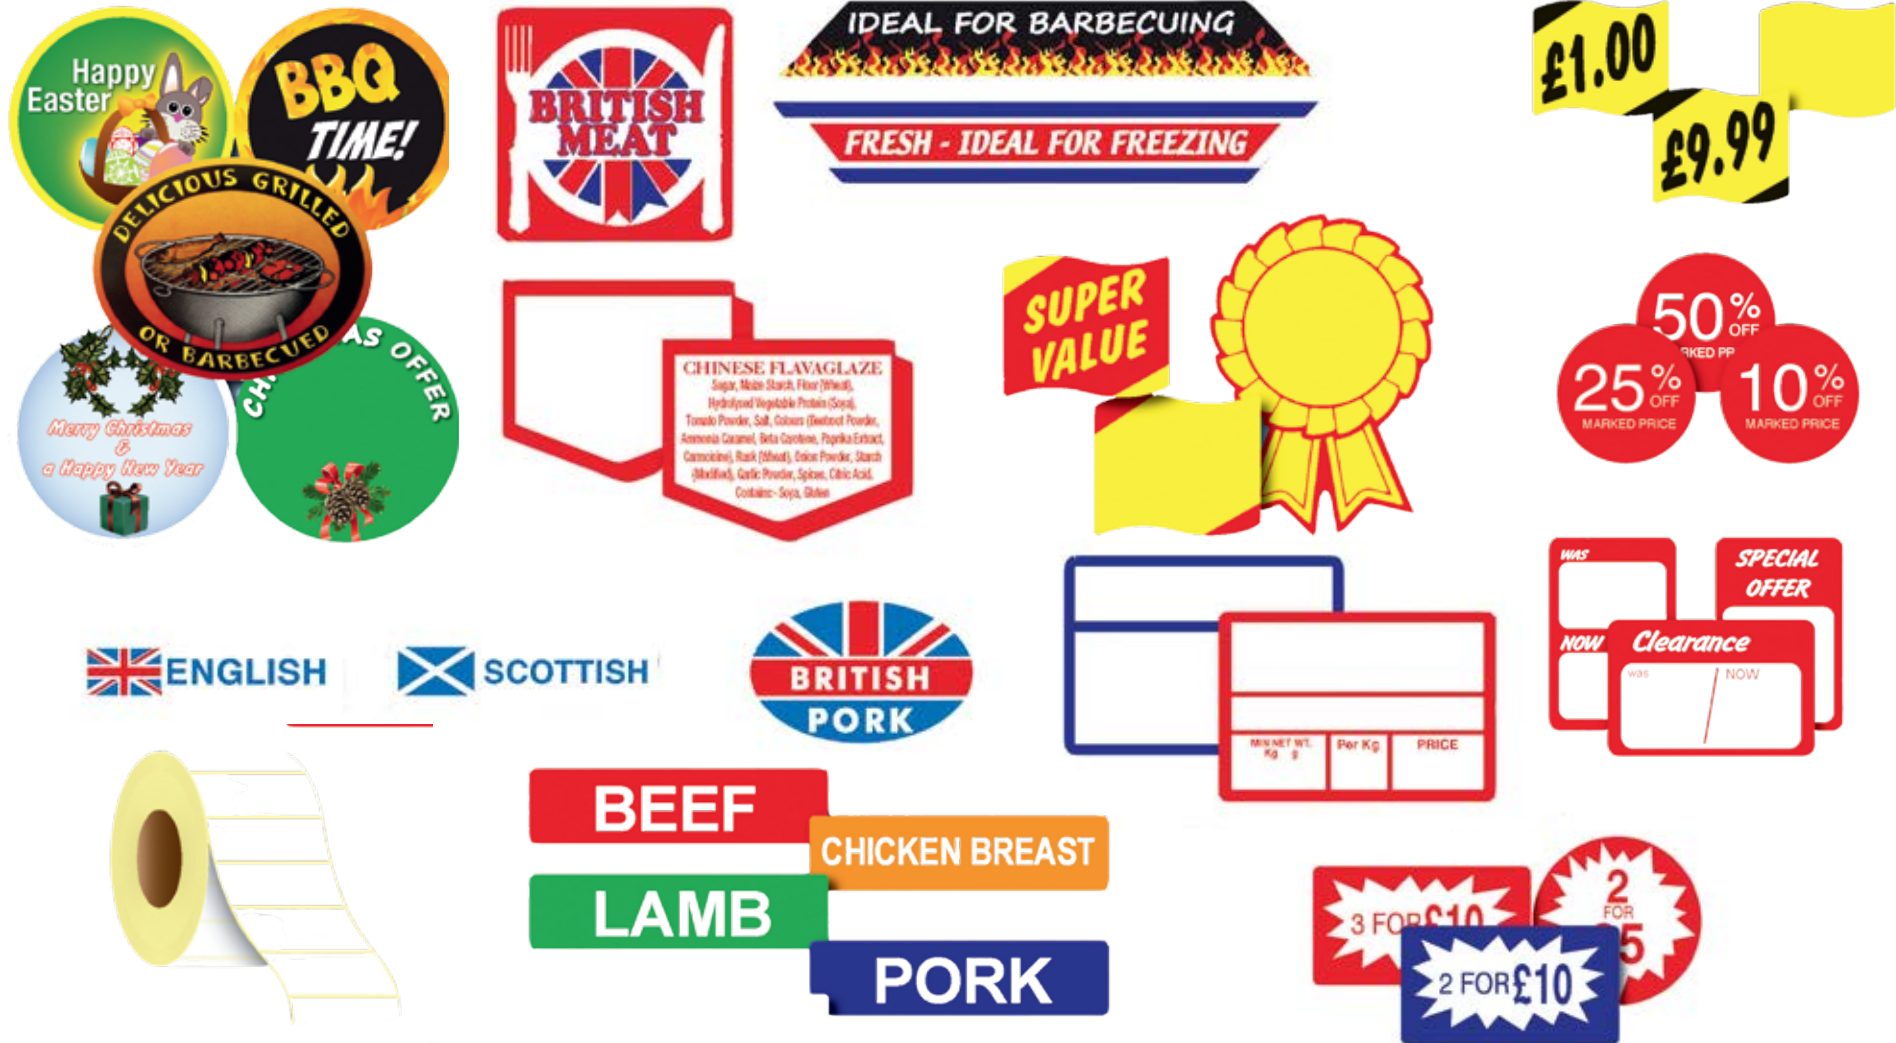

## NECK SEALER

Our countertop bag sealer is a quick and convenient way to seal plastic bags. It is made of metal and is designed to last. It is popular with butchers, grocery stores, and other places that sell food. It features several features that make it convenient and easy to use.

# LABELS

We can supply a range of hand applied labels and also labels for machines like Butchers Scales. Most labels are ordered in but we do have an extensive range of Butcher Labels.

FOR MORE INFORMATION ABOUT OUR LABELS, INCLUDING BESPOKE LABELS OR LARGE QUANTITIES, PLEASE DROP US A CALL OR EMAIL SO WE CAN ASSIST FURTHER.

# TRAYS & FILM

Our polystyrene trays are manufactured in the UK by Middlewich, made from food contact approved EPS.

- Burger Trays
- Poultry Trays

## OVERWRAP FILM:

We have a small selection of PVC overwrap film that customers can use to wrap the EPS trays and other trays, all widths are on 1500-metre rolls. The film itself has high stretch, high tear resistance, and consistent thickness. They are suitable for hand wrapping and also for use with the TW45 over-wrap machine.

- 300mm - 10mu
- 350mm - 10mu
- 380mm - 12mu
- 400mm - 10mu
- 450mm - 10mu
- 450mm - 12mu

## DRYLINE® ABSORBENT MEAT PADS

The Dry Line® Absorbent Meat Pads range is an essential health and hygiene addition designed for the control of leaks and food bacilli. Dryline® Meat Pads are a food safety must! With a comprehensive range from 400 ml to 12000 ml per square metre, the Dryline® Meat Pads range comes in 1 or 2 side-coated options, in both pads and on a roll.

We stock 2 different sizes and colours below:

- 102x152mm White Double Sided 800ml
- 75x125mm Black Double Sided 600ml

## FOIL TRAYS

**Our rectangular, smooth-wall foil trays are perfect for desserts and ready meals. They remain rigid in the oven, are 100% recyclable, and offer high levels of heat resistance. They can be used in conventional ovens and, where basic guidelines are followed, in modern microwaves.**

The smooth rim surface allows for film lidding, giving a sealed, leak-proof product. We can also supply the lidding film in many different widths to suit your requirements. We can also supply a range of plastic clip-on lids to fit many of our profiles.

ALTHOUGH WE ONLY STOCK A SMALL RANGE, OTHER SIZES CAN BE ORDERED IN QUICKLY AND EASILY.

- 783cc - 220x150x33mm (x680)
- 1000cc - 220x150x45mm (x660)
- 1534cc - 220x150x70mm (x330)

# POLYTHENE PACKAGING

## POLYTHENE BAGS

Polythene bags come in a variety of sizes to suit a variety of needs, and we stock the following thicknesses: 120g, 200g, 250g, and 400g. A more detailed description of the sizes and thicknesses that we stock is below.

Packaged in compact boxes for minimal storage requirements, our clear polythene bags are packed in easy-to-use dispenser cases and are fast to seal with heat sealers or bag ties.

Polythene bags are made from recyclable, clear LDPE. These clear polythene bags have excellent clarity and are very strong. From April 1, 2022, poly bags will be made using a minimum of 30% recycled material and are PPT-exempt (suitable for food use).

- 24"x36" HT Block Headed (50 / 500)
- 18"x24" HT on the Roll (1000)
- 24"x35" HT on the Roll (500)

# PAPER PACKAGING

# MEAT MARKET PAPER

Meat Market Paper, better known as Steak Paper or Meat Saver Paper, has been the paper of choice for butchers and processors for many years.

Meat Saver Paper can be used as a tray liner or a meat wrap. Meat Saver Paper's wet strength maintains the integrity of the paper when in contact with meat or when chilled and minimises fibre tear. Tear-Strength enables whole cuts, including bones, to be wrapped. Meat Market Paper restores and preserves the bright red appearance of the meat, meaning it can be pre-cut at your leisure in preparation for busier periods, saving you time when you need it most. It dramatically reduces the need to trim discoloured and oxidised meat, therefore reducing waste and increasing profit.

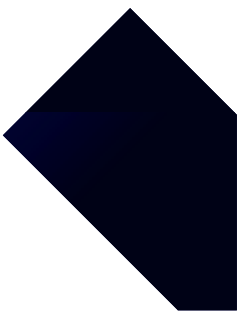

SIZE	UNIT
254x305 Peach Paper	1000
500x750 Peach Paper	1000
500x750 Black Meat Market Paper	1000

# GREASEPROOF PAPER SHEETS

These greaseproof paper sheets ensure a clean and organised food presentation. They are made of highly grease-resistant material that prevents the absorption of excess grease or fat, making them perfect for serving oily dishes like burgers, sandwiches, or breakfast rolls without making customers' hands messy. The greaseproof sheets come pre-cut to size, which saves time when getting ready to package or serve food.

SIZE	UNIT
Imitation Greaseproof 450x700mm	Ream (Approx. 500 Sheets)
Pure Bleached Greaseproof 450x700mm	Ream (Approx. 500 Sheets)
Pure Kraft Sheets 500x750mm	Ream (Approx. 500 Sheets)

## WAXED PAPER

This is a plain white waxed paper that is highly opaque and can be used to wrap various deli items such as cheese, cooked meats, pies, sandwiches, and cakes.

## DUPLEX PAPER

This wrapping paper is made by laminating Kraft and PE films, and it's perfect for wrapping cheese and meats. Its barrier properties also make it suitable for use as a liner in delis and restaurants for trays and baskets. Available in red, green, blue, yellow, and black.

## NEWS OFFCUTS

The unprinted white newspaper offcuts, crafted from 45 gsm paper that is 100% recycled and recyclable, are a familiar sight, as they are commonly referred to as fish and chip paper. These versatile materials serve as a low-cost packing solution. They may be used to wrap an array of items or to fill empty spaces within boxes.

## SILICONE GREASEPROOF BAKING SHEETS

Silicone greaseproof paper is a type of paper that is able to resist oil and grease, making it perfect for use in baking. This paper is also non-stick, which means that it can be used for lining cake tins or baking trays without the need for greasing. Additionally, food will easily slide off of this paper without leaving any residue behind.

# INDUSTRIAL PACKAGING

Industrial packaging is vital for any company that ships or delivers products to customers. Whether it's a retail store, product manufacturer, distributor, wholesaler, or even an e-commerce site selling products from around the world, they count on industrial packaging solutions to provide protection and security for goods on their way to a customer's hands.

## BUBBLE WRAP

Bubble wrap is a widely used and reliable protective material that is highly valued for its ability to safeguard a diverse array of items. It offers numerous advantages, including shielding against potential harm from impacts, preventing scratches, and averting scrapes.

- 1000mm x100m - SMALL Bubble Wrap
- 300mm x100m - SMALL Bubble Wrap
- 500mm x50m - LARGE Bubble Wrap
- 500mmx100m - SMALL Bubble Wrap (OXODEGRADABLE)

**OTHER SIZES AND FORMATS ARE AVAILABLE ON REQUEST**

## LOOSE FILL POLYSTYRENE CHIPS

Loose fill chips are a highly flexible and adaptable option for packing and filling voids, capable of effectively occupying and cushioning any empty spaces surrounding objects of varying shapes and sizes. It is a cost-effective option that won't break the bank.

We offer a selection of materials, including top-notch polystyrene. Available in both non-degradable and biodegradable.

- **WHITE OR GREEN NON / DEGRADABLE 15CUFT POLY CHIPS**
- **BIODEGRADABLE WHITE OR GREEN POLY CHIPS 15CUFT**

**OTHER SIZES AND FORMATS ARE AVAILABLE ON REQUEST**

# PACKING TAPE

## 48MM X66M LOW NOISE BROWN TAPE PP

For reliable packaging solutions, our six-packs of low-noise buff tape provide a valuable advantage. This robust, water-based acrylic adhesive tape adheres instantly to all paper and board surfaces and withstands varying temperatures. Its low-noise polypropylene composition makes it particularly well-suited for sealing heavier packages.

**PACK/CASE SIZE - 6 / 36 ROLLS**

## 48MM X66M PVC TAPE

This product can be used both in industries and homes to provide an exceptional and distinctive look to your packages. (Available in Red & Blue)

**PACK/CASE SIZE - 6 / 36 ROLLS**

## 48MM X990M CLEAR MACHINE TAPE (HOT MELT)

The Hot Melt Polypropylene Adhesive Tape is created to seal cartons and packages effectively while providing a strong and secure seal to keep the contents safe during delivery. It is designed to withstand moisture and temperature changes, and it bonds instantly and evenly, providing confidence when sealing parcels with this highly durable tape.

**PACK/CASE SIZE - 6 ROLLS**

## 48MM X 132MM CLEAR TAPE

Clear rolls of tape with an industrial length of 66m and a width of 48mm. They are appropriate for use in both households and businesses. The tape is sturdy, long-lasting, and can be easily torn. It is ideal for sealing the flaps of cardboard boxes or reinforcing packages before shipping. These rolls are designed to fit on standard tape dispensers used in the industry, but they can also be easily cut with a knife or scissors.

**PACK/CASE SIZE - 6 / 36 ROLLS**

## PALLET WRAP

Pallet wrap, also called stretch wrap or stretch film, is great for keeping goods and pallets secure during transportation. We are one of the top suppliers of pallet wrap in the UK and offer a variety of types, including machine, spiral wrap, mini roll, and hand pallet wrap. Our selection also includes different colours and core options, as well as dispensers to go with them.

SIZE	UNIT

**OTHER SIZES AND FORMATS ARE AVAILABLE ON REQUEST.**

## PLASTIC STRAPPING

Our PP strapping is ideal for use with tools designed for light and medium-duty unitizing, bundling, carton sealing, and palletizing. Strapping secures products during transportation, preventing damage and breakage.

- 12mm x1500m Automatic Black Strapping
- 12mm x3000m Semi-Automatic White Strapping

**WE CAN ALSO OFFER BESPOKE/PRINTED STRAPPING & DIFFERENT SPECIFICATION**

# BUBBLE LINED MAILING BAGS

Our mailing bags are made from paper that has been approved by the FSC, ensuring that the forestry practices used to obtain the paper are responsible and sustainable (as evidenced by the FSC logo). The bags are lined with bubble material that contains 80% recycled content, and they can be recycled once they have been used. The manufacturing and printing processes used in creating the bags do not involve any solvents.

With a range of sizes to choose from, there is a suitable option to meet all your packaging requirements.

## TWIN-PLY BLUE ROLL

These recycled blue rolls offer excellent value for money and are ideal for use in food areas. They can absorb any of those food-related, day-to-day spillages, helping to maintain a safe work environment. Sold in packs of six rolls. The centre feed design means that every sheet of paper is used, helping to minimise waste and reduce business costs while also reducing the environmental impact of excessive paper usage. This design also allows the blue roll to be used with our dispensers for quick and hygienic dispensing.

- Individual or packs of 6 - 180mm x150m

## TOILET ROLLS

These white toilet rolls offer great value for money and are soft, strong, and absorbent. Each roll contains 200 sheets, making them both economical and efficient. They are made from 100% recycled paper, which helps reduce your carbon footprint and do your bit for the environment. The hollow central tube allows them to be placed on a dispenser for quick and easy access. This pack contains 36 rolls.

## MINI CENTRE FEED WHITE (2PLY x12 Rolls 190mm x120m)

These 120-metre rolls of recycled paper come from a sustainable source, making them an environmentally friendly option. They're effective at mopping, absorbing, polishing, or drying, making them an ideal choice for a complete office cleanse. These rolls are suitable for use in centerfeed dispensers.

## MINI JUMBO TOILET ROLLS (x12 Rolls 95mm x280m)

Longer rolls for less frequent filling, saving on maintenance time. A great solution for all high-traffic areas. Strong, economical, and reliable, these mini jumbo toilet paper systems are manufactured in high-quality white tissue and are edge embossed for strength and perforated for the kind of economy and practicality that make an impact 2-ply.

## Z FOLD HAND TOWELS WHITE (X3000 240 x240MM)

High-quality white 2-ply Z-fold towels are ideal for washrooms with a medium amount of traffic and are also suitable for wiping and drying equipment.

## SCOTCHBRITE SPONGE/SCOURERS

Scotchbrite sponges and scrubbers are essential in every kitchen. These are better than the universal sponge due to their longevity and strength. They can get rid of all touch stains and dried-on foods. These have scourers, which are also used to get rid of harder, more stubborn baked-on foods. These Scotchbrite sponges come in a 6-pack. So it will last a long time.

## PAL TX SURFACE DISINFECTANT WIPES ( x200 wipes)

A 0.5-litre canister is convenient for storage. This is a perfect-sized square wipe for the disinfection of small surfaces, probes, and utensils in food environments. Pal TX Surface Disinfectant Wipes are food-safe and proven to kill most microorganisms, such as bacteria, yeast, and viruses. Pal TX Surface Disinfectant Wipes clean and disinfect without using Quats, PHMB, or alcohol.

## LIGHTWEIGHT BLUE or RED CLOTHS (x100 38x38cm)

Clean Works Medium Weight Cleaning Cloth is an all-purpose colour-coded blue cloth that provides an effective food and dirt pick-up due to its aperture structure.

- Size: 38 x 38 CM
- Colour: Blue
- Pack of 50
- Colour-coded to meet the HACCP standards and Food Contact Clearance (FCC) approved.
- Suitable for both wet and dry use.
- Compatible with a wide range of cleaning agents.

## RELDEEM WIPES

These disinfectant wipes from Reldeen can be used to clean and sanitize surfaces in your workplace. The main active ingredient is a hydrocarbon that effectively kills germs and bacteria, making these wipes safe to use in sensitive areas like labs. The wipes are made of durable material that absorbs liquids well, allowing them to quickly and effectively remove liquids from surfaces. They do not contain quaternary ammonium compounds or alcohol, making them safe for use in food and beverage processing facilities.

- Bulk tub on x150

## BULK FILL DISPENSER

Our 900-ml dispensers are highly versatile; they are made of the same unique mechanism and come with a variety of interchangeable pumps and containers, enabling easy upgrading from one product to the next. This also allows any type of chemical to be dispensed from a refillable container or a disposable pouch, allowing greater flexibility in terms of chemical selection.

## CENTRE FEED DISPENSER

Space-saving and easy to restock, the modular centerfeed dispenser has been designed for areas that require fast access to paper towels. The hard-wearing centerfeed dispenser will stand up to years of constant use in busy environments. It is available in two sizes (small or large) to fit the end customer's needs. By default, the modular centerfeed paper dispenser comes with a blue window. However, a set of coloured windows and branding options enable full product customization to match a company's brand. These features are available for the entire modular range.

## DISPENSER PUMP

The dispenser pump is designed to dispense accurate doses of 30 ml, making each bottle last longer and saving you money on refills. These pumps are sold separately and can be attached to most commercial 5-litre bottles of washing detergent, bleach, floor-cleaning liquids, etc. They dispensed accurate, measured 30 ml (1.05 fl oz) doses of cleaning fluid. The plastic pump is designed to dispense just the right amount of liquid, so each bottle lasts longer and you save money on refills. The dispenser will allow you to pump a 5-litre bottle over 200 times, which will speed up cleaning and ensure more economical use of cleaning supplies.

## CLEANING CHEMICALS, LIQUIDS & SOAPS

- Bleach

# CLOTHING + PPE

## CLASSIC LEATHER APRON

We want your Stalwart Crafts classic leather apron to be your companion for life. These leather aprons are worn by hospitality staff, barbers, tattoo artists, home chefs, and hobbyists. Whatever the occasion, our leather aprons will be your companion for leisure or professional use.

- comfortable leather neck patch
- Adjustable leather neck strap
- Leather towel holder
- Adjustable leather hip strap with buckle

**There is a range of customisations or colours available, as well as branding and personalisation of branding. Please get in contact with us to discuss the details of customizing your apron.**

## PU/ NYLON STRIPED BUTCHERS APRON

This red and white striped apron is a durable and versatile choice for use in professional catering environments, with hard-wearing construction that can withstand spills and heat. The apron is also stylish and comfortable, with extra-long sewn-in ties that ensure a secure fit. They are made from polyurethane-coated Nylon and are very lightweight.

**Available in the following colours; Green/White, Red/White, Blue/White also in the following sizes 40x36, 48x36, 54x36.**

## BUTCHERS APRONS PVC/NYLON

The material is a vulcanised natural rubber compound with an inner cotton-based fabric. The apron design is bib-front style with nickel-plated metal eyelets (inserted with reinforcement) and hemmed all around with bonded nylon thread. The aprons can be wiped down but are not recommended to be laundered.

**AVAILABLE IN THE FOLLOWING SOLID COLOURS: WHITE, RED, GREEN AVAILABLE IN THE FOLLOWING SIZES: 48X36, 54X36.**

## APRONS ON A ROLL

Our aprons are ideal for use in food preparation and handling areas, providing simple barrier protection. We offer two different sizes and thicknesses depending on the area of the workplace you are working in.

- 11mu Blue HDPE x 200 per roll, 69cm x 100cm
- 20mu Blue LDPE x 200 per roll, 69cm x 134cm

## BUTCHERS WHITE COATS

We have a variety of white butcher coats available in multiple sizes, made from a polyester-cotton blend for your comfort and to give you an overall professional look. Designed for use as a traditional butcher's style coat, these are perfect for staff members to wear in your butcher shop.

## VINYL GLOVES

Our vinyl gloves are made from high-quality Polyvinyl Chloride and are powder-free. Vinyl gloves are the most simple and effective, are used for many applications, and are food-grade as standard. We stock them in blue, but they are also available in other colours. Sizes are available from small to X-Large in boxes of 100 or cases of 1000.

## NITRILE GLOVES

The nitrile material is tough and flexible, making it resistant to punctures, tears, and oily chemicals. The smooth glove surface with textured fingertips provides comfort, strength, and dexterity over long periods of time. The Nitrile powder-free glove design reduces the risk of allergic reactions and minimises the risk of contamination.

## OVERSLEEVES

Disposable plastic arm cover sleeves are designed to protect the skin and clothing of workers from fluids and other substances in the workplace. They are ideal for medical facilities and food production environments where there is a risk of exposure to fluids. These plastic cover sleeves are made from a low-density polyethene material, are waterproof, and have elastic on both ends for a secure fit. Available in packs of 100 or cases of 2,000.

## COTTON GLOVES

These cotton gloves can be used for a variety of different purposes. Made from soft cotton, these gloves are ideal for keeping your hands warm underneath vinyl or nitrile gloves and can be used for extended periods of time.

## CHAINMAIL

Chainmail gloves are very effective at defending against cuts because they are made from tightly woven rings of metal. This works by creating a thick barrier that blocks the tip of knives, serrated edges, and other incredibly sharp objects from reaching the skin.

Metal gloves are a common and necessary tool in butchering, as they are incredibly durable and cut-resistant. This makes them a very safe option for those working with meat, as even if their hands are cut, the metal gloves will protect them from injury.

**AVAILABLE IN SIZES FROM XXS TO 2XL AND ALSO EXTENDED CUFF.  
CHAINMAIL APRONS ALSO AVAILABLE.**

## BEARD SNOODS (HAIRTITE HICARE METAL DETECTABLE)

If you want to avoid discomfort while preparing food, you can wear a beard snood. This close mesh design helps to ensure optimal hygiene levels, while the polypropylene yarn helps to keep your beard dry. HairTite helps to contain hair through a unique 'fold and hold' technology. The material's high-density structure is excellent for containing all hair types. It helps reduce the risk of contaminating food and keeps your kitchen clean and hygienic. Each pack contains 25 Beard nets.

## FACE MASKS

These disposable civilian protective masks have three layers of filtration to provide improved protection from harmful particles and gases. The nose band is made from elastic material to ensure a snug fit, and the ear loops keep the mask in place during use. These masks are designed to be a one-size-fits-all and are perfect for use by anyone.

**AVAILABLE IN PACKS OF 50.**

## HAIR NETS (HAIRTITE HICARE METAL FREE)

Two times better hair containment than a traditional 3 mm diamond shaped mesh hairnet, 6 times better hair containment when worn under a mob cap and 11 times better hair containment when worn under a Kleen Cap-Max. Independently tested by the University of Bolton.

**EACH PACK OF BLUE HAIR NET CONTAIN 100 HAIRNETS.**

## SNOOD CAPS

Our non-woven Snood Caps offer ultimate hair coverage, making them ideal for food-handling activities. What's more, these caps are available in a range of colours, making them ideal for colour-coded work environments. General-purpose head cover Spun polypropylene with a peak Standard 21" diameter.

## MOB CAPS

This soft, lightweight mobcap is made from a durable, non-woven polypropylene material and features a stretch elastic band that makes donning and doffing easy. Keep your work environment safe and sanitary with hair nets.

**AVAILABLE IN BLUE OR WHITE.**

## PLASTERS

Blue plasters are a crucial and indispensable inclusion in every kitchen's first aid kit. With the purpose of being highly noticeable while engaged in food preparation, these blue plasters, measuring 75x25mm, are specifically crafted to provide coverage and safeguard minor cuts, enabling individuals to carry on with their daily activities without any hindrance.

## RELDEEN SLIP ON SAFETY SHOES

The Reldeen slip-on safety shoes has a steel toe cap that provides 200 joules protection, a lightweight, single density polyurethane sole that provides excellent slip resistance against oils.

- Water resistant
- Polyurethane sole that is oil resistant and antistatic
- EVA contoured/perforated footbed for superior airflow and comfort
- Colour is

## DUNLOP WORK-IT SAFETY WELLINGTON

They feature a steel toe cap, are 100% waterproof, are strong due to a tough sole and abrasion-resistant tread, and are easy to clean as the white upper shows grime and bacteria, making them ideal for food factory hygiene.

- 100% waterproof
- Steel Toe Cap
- Oil resistant outsole
- animal and plant oils and fats
- disinfectants

## DUNLOP PUROFORT/MULTIGRIPWHITE WELLINGTONS

Features an extra smooth design and shaft that is easy to clean, an Anti-Bac lining, Purofort® Technology that is light and durable, cold insulation up to -20 degrees, a steel toe cap, an orthopaedic insole, a red eyelet on the back of the boot that allows the boots to be hung up, and offers the highest slip resistance in wet contaminated areas, making this perfect for end-users within the Food Processing Industry. Resistant to minerals, animal and plant oils and fats, disinfectants, fertiliser, solvents, and various other chemicals.

## OVERSHOES

Disposable Blue shoe covers are pieces of personal protective equipment used to protect footwear in different environments. They are usually blue in colour and are made out of elastic material, so they can be easily put on and taken off. They help to restrict contamination and are usually sized to fit a variety of shoes. Shoe covers are used to prevent contaminants from entering or polluting specific areas, such as laboratories, the food industry, or ESD-sensitive areas. They are also used by contractors and installation technicians when visiting customer homes or premises.

**Available in packs of 100 or cases of 2,000.**

# KNIVES & EQUIPMENT

# VICTORINOX

A rock-solid heritage, an exacting commitment to Swiss precision, and a consistent focus on quality and innovation are the absolute cornerstones of our business. With operations in over 120 countries worldwide, we are founded on a foundation of integrity and family values.

Victorinox chef's knives are extremely sharp and perfectly balanced. You will almost feel as if everything is being cut for you if you are able to obtain one of these master pieces. A successful chef understands this secret.

We are able to source a large variety of Victorinox Knives. - **If you are looking for a specific knife, please contact us**

### **5.6603.12 Curved Semi-Stiff Boning Knife**

The Victorinox boning knife from the Fibrox collection is specifically made for cutting meat off bones, such as chicken, duck, and spare ribs. Although the blade is strong enough for this purpose, it is important to note that it cannot be used to cut through bones.

### **5.4233.25 Slicer Knife 25 cm**

The Victorinox pastry/bread knife from the Fibrox collection has a 25 cm blade and a fully serrated edge, making it ideal for slicing cake, pies, and bread.

### **5.7403.25 Butcher Knife**

This Victorinox butcher's knife from the Fibrox collection has a 25 cm blade. This knife is perfect when cutting meat. The extra-large head ensures that your fingers are safe.

### **5.6003.12 Boning Knife Black**

The Victorinox pastry/bread knife from the Fibrox collection has a 25 cm blade and a fully serrated edge, making it ideal for slicing cake, pies, and bread.

### **5.6613.15 Boning knife**

This Victorinox Fibrox carving knife 15 cm is a razor-sharp knife with an excellent price-quality ratio. Carving will be a piece of cake with this razor-sharp edge.

### **5.6006.15 6" Straight Boning Knife - Rosewood Handle**

This Victorinox boning knife with a rosewood handle is designed to offer lean and appropriately portioned cuts of red meat, fish, and poultry with its extra wide and stiff straight blade.

## SHARPENING STEEL

Knives lose their sharpness as time goes by, but fortunately, we have sharpening steels to help out. We offer a variety of sharpening steels from the best brands in the market, and they are often used by butchers and professional chefs because of their fast results. When choosing the right sharpening steel for your kitchen knives, you first need to consider the length of the steel rod compared to the blade of your knife.

Additionally, the steel rod should be harder than the blade of your knife, to avoid any damage to the edge. We offer a variety of different steel rods in different sizes and designs, as well as special steels with ceramic and diamond rods, to fit whatever your needs may be.

## HANDSAWS & BLADES

We stock a selection of high-quality stainless steel hand saws for cutting meat. Slice through meat like it's butter with this heavy-duty band saw. The sharp steel blade can handle even the busiest butchering tasks, and the 10-teeth per-inch design ensures smooth and uniform cuts.

The grip is made of plastic and designed to fit your hand nicely, so you can use it for a long time without getting tired. It's super simple to switch out the blade thanks to the cam locking blade tensioner. You won't have to waste much time with this easy process.

- Varying from 17.5 to 20 inch.
- Replaceable blades available Onsite.

## TAPE GUN

A tape dispenser gun is a useful tool for packaging and sealing cartons, which can result in a professional finish and potentially reduce waste. The pistol grip tape dispenser is the most well-known type of tape dispenser gun and is often used in busy warehouses and dispatch departments. Low-cost yet high-quality, our range of tape dispensers will bring efficiency to your warehouse, office, home, and even home office.

It is lightweight and easy to use, making it faster to seal up. The sharp steel blade is protected by a guard and has a curved handle for a better grip, preventing the tape dispenser from slipping.

## JML FOOD SEALER

The food sealer is a device that removes air from vacuum bags used for storing food and other valuable items and seals them with heat. This process significantly increases the lifespan of food by eliminating bacteria and excess moisture that can cause it to spoil.

Vacuum-packing food has numerous benefits, including saving time and money. By using vacuum-sealed bags, food can be stored in the refrigerator or freezer for extended periods, allowing for bulk buying and batch cooking, which can significantly reduce the time spent in the kitchen and lower weekly grocery bills.

One convenient way to prepare your stored food is to cook it directly in the bag. These bags are designed to endure freezing, microwave heating, and boiling without tearing. They are also dishwasher-safe, making them reusable for multiple uses.

# ELECTRONIC TEMPERATURE INSTRUMENTS LTD

**Thermometers, hygrometers & analytical instruments from the UK's largest thermometer manufacturer.**

## 800-000 FRIDGE FREEZER THERMOMETER

The fridge thermometer and freezer thermometer are designed to measure the temperature inside your fridge or freezer. These thermometers have a dial with a diameter of 70mm, and they can display temperatures ranging from -30 to 30°C in increments of 1°C. To make it easier for users to read the temperature, the dial is divided into clear zones with distinctive colours and star-shaped markers. This specific model, known as the 800-000 fridge or freezer thermometer, features a built-in hook that offers the flexibility of being able to stand independently or be hung from a shelf.

## 803-050 FRIDGE FREEZER SPIRIT HORIZONTAL THERMOMETER

The horizontal fridge freezer thermometer is filled with spirit and can indicate temperatures from -30 to 40°C in 1°C increments. It has clear, colour-coded zones and star markings to make reading the temperature easier.

The ABS housing of this fridge freezer thermometer measures 53 x 130mm. The scale of the display includes standard freezer markings, making it easy to read. The thermometer for the fridge freezer can either be placed on a shelf or hung freely.

## 810-260 LCD PEN SHAPED THERMOMETER

Pen-shaped thermometer. This pen-shaped thermometer measures temperature over the range of 49.9 to 149.9°C. Featuring a 3.5 x 120mm pointed stainless steel probe Each unit is supplied with a probe cover that incorporates a pocket clip. The thermometer incorporates a °C/°F switch and a display hold feature.

## I.O.SHEN MANUAL KNIFE SHARPENER

The I.O. Shen Manual Knife Sharpener is a much more durable knife sharpener than other manual sharpeners and is suitable for use with straight-edge kitchen knives. It is simple to use and can sharpen the knife once and rotate the sharpening wheel once or twice to make the sharpening result much better. The I O Shen Manual Knife Sharpener also has a 360-degree sharpening wheel, which is different from most manual knife sharpeners that only have a single V-shaped spot.

## OVERWRAP MACHINES

The TW45 overwrap machine uses two support rollers to hold the stretch film taut and a stainless-steel support bridge that allows the film to pass under the product to be wrapped. This makes it easy to stretch and seal the film around items without having to manually stretch the film. It is a versatile machine that can be used to stretch and wrap a variety of products. The electric console features a constantly heated, low-voltage cutting wire that cuts the film before sealing the bottom of the tray on the stainless-steel hot plate. The hot plate features adjustable temperature settings. We also have a replacement set of wire for the TW45 overwrap machine, which can be bought individually.

## HANDEE CHEESE CUTTER & ACCESSORIES

The Handee cheese cutter is a popular cheese cutter that provides a simple and economical method of cutting blocks of medium-hard cheeses. It ensures an accurate and smooth cut, making it a great choice for those looking for a quality cheese cutter. The cutting boards are strong and last a long time, making them safe and easy to use. They produce a clean, precise cut every time, with no waste. We stock both the cutter and replacement parts, from a new set of feet to springs and wires.

## ELECTRIC NIREY MACHINE - KE280

It produces a smooth, razor-sharp edge on all good-quality knives that is often sharper than when the knife was new. While the knives are being sharpened, the cushioning system 'polishes the knife sharp'. The KE280 is the 'older brother' to the KE3000, and it is suited for commercial establishments and knife-sharpening businesses.

## BURGER PRESSES

The Spikomax Deluxe Burger Press is an all-in-one burger press that makes perfect burgers every time. It provides just enough pressure to make patties that can stand falling apart on the grill or frying pan, and it's also great for ensuring you don't oversize your burgers. The heavy-duty spring ensures that the burger press will remain powerful for years. The aluminium coating prevents raw meat from sticking to the press. powerful for years. The aluminium coating prevents raw meat from sticking to the press.

- Available in a 4 and 5" press.

# SEASONAL SPECIALS

## TURKEY BOX 380X300X300MM

Our Cardboard Hamper/Turkey Boxes are perfect for the holiday season, serving as excellent turkey or hamper containers. They conveniently arrive flat-packed and can be built without the need for tape. These boxes are an ideal choice for your butcher's shop leading up to Christmas, ensuring your customers' turkeys or meat hampers are expertly packaged. This is a wonderful option for butchers who are aiming to avoid the use of single-use plastics.

## TURKEY CARRIER BAGS 14"X20"X24" 26MU PRINTED

Turkey has created durable vest-carrier bags that are perfect for Christmas orders. These bags are large, measuring 14 x 20 x 24 inches, and come in packs of 100. They are printed on both sides, with roasting times printed on the back. The bags are made from strong 26 micron material and can be recycled.

## PRINTED CHRISTMAS SAUSAGE SLEEVE

Sausage sleeves are perfect for conveniently storing 1 lb. of sausage meat. They feature a lovely decorative holly and design that adds a festive touch. These sleeves are sealed at one end, allowing you to effortlessly pack your special Christmas sausage mix into them. There are 100 sleeves available in a pack, which are perfect for freezing, storing, or displaying your special sausage mix recipe in preparation for the big day.

## CHRISTMAS TWINE

Cotton Bakers Twines are the preferred choice for butchery globally and are made from 100% natural cotton. They have a softer texture compared to rayon twine, giving them a more delicate appearance. This twine, in red, white, and green colours, is commonly used to wrap meat and adorn joints during the festive season.

## CASINGS

### **SHEEP CASINGS**

- 22/24 Spooled Sheep (Rigid Tubes) 80m (Makes approx. 16kg Sausages)
- 18/22 Loose Bundles on Green Ring 80m (Makes approx. 16kg Sausages)
- 22/24 Loose Bundles on Red Ring 80m (Makes approx. 16kg Sausages)

Sheep casings are smaller and softer than casings from pigs or cows. They can be cooked or dried in different ways. Smaller sheep casings are used for making snack sticks, breakfast links, small sausages, and pepperettes. Bigger sheep casings are used for making hot dogs, frankfurters, chipolata, landjaegar, or bratwurst. Our sheep casings are great for any recipe you want to make and can be easily twisted into sausage links. Just choose the size that you need.

## DRIED CRANBERRIES 1KG

We are pleased to offer dried cranberries of exceptional quality, boasting a bite and texture that surpasses even that of the fresh variety.

## DRIED CHESTNUTS KIBBLED 1KG

Delicious flavours can be incorporated into cooking recipes, such as sauces, sausage blends, stuffing, and nut roasts, especially during the Autumn and Winter seasons.

## SEASONAL STUFFINGS

The Shropshire Spice Company specializes in creating top-notch products for both amateur and professional chefs. We are particularly renowned for our exceptional Gourmet Range of stuffings.

### ***SHROPSHIRE SPICE WHOLEMEAL: (6X150G)***

- Roast Chestnut, Cranberry & Apple
- Cranberry, Orange & Roast Chestnut (GF)
- Cranberry, Apple & Roast (GF)

### ***SHROPSHIRE SPICE WHITE: (6X150G)***

- Cranberry & Orange

## LEONARDS CHRISTMAS RANGE

- **Cranberry & Orange Sausage Mix**

Perfect with game or poultry. With lots of cranberry pieces and orange oil.

- **Pork & Chestnut Sausage Mix**

Plenty of kibbled chestnuts and a sprinkle of parsley gives a sausage with real visual appeal.

- **Cranberry, Chestnut & Apple**

Cranberry, chestnut and apple blended together in a stunning gluten free stuffing.

- **Cranberry & Orange Stuffing**

Orange oil gives a little bitterness to compliment the sweetness of the cranberries in this gluten free stuffing. Works well with game as well as poultry.
