They Emphasize SCANNABLE

1. Scannable does not mean real
2. It means it follows the published AAMVA format which now State follows
3. Each State has its own unique format with hidden security features. Without understanding these, scanning you cannot validate the license

2 Shipments Containing 4,420 Counterfeit Driver's Licenses Seized by CBP Officers in Louisville

Release Date: Wed, 10/26/2022 - 12:00

LOUISVILLE, Ky— Fraudulent driver's licenses, which can be used for criminal activity or fraud, continue to be found by U.S. Customs and Border Protection (CBP) officers at Express Consignment Operations hub across the nation.

Earlier this morning, Louisville CBP detained two shipments that were arriving from Hong Kong. The contents were described as postcard and postcard box. Officers inspected the shipments and found 2,857 counterfeit state driver's licenses in one shipment and 1,565 fakes in the second shipment. This is the third time in 10 days officers have seized a shipment of counterfeit driver's licenses. On October 12, officers seized 1,094 counterfeits and on October 24 officers seized 2,265 counterfeits. This means in 14 days

And Create Public/Private Partnerships

City of Charleston Partners with Intellicheck to Equip King Street Area Businesses with ID Scanning App to Address Underage Drinking

MELVILLE, NEW YORK – November 30, 2022 – [Intellicheck](#), Inc. (Nasdaq: IDN), and the city of Charleston today announced the launch of a new pilot program aimed at tackling the problem of underage drinking. The six-month pilot will allow up to 31 King Street area bars and restaurants to use Intellicheck's identity verification mobile technology application. Intellicheck's ID verification technology has proven to be more than 99% accurate in authenticating IDs in under a second using existing mobile devices or point-of-sale scanners.

**Scanning without accuracy is a good
intention that does not solve the
