Skins Abilities Q&A Asked by Sidmow on January 30, 2025 I've been playing this game for around 6-7 years without focusing on a specific role or champion. Now, I want to improve and learn more about Amumu jungle and Maokai jungle. Asked by Floflofliflaflo on October 9, 2024 Sorry, but my English is poor. If you can help me in German, please do so. Additionally, are there any other junglers similar to Ammumu and Poppy? Asked by HunterR345 on October 16, 2020 Hey guys! I'm a Katarina main looking for the Kitty Cat skin. However, it's no longer available in the shop since it's considered legacy. I searched online and found that it's part of... View (1) Answers Asked by Silverman43 on August 11, 2018 Favorable playstyle for Amumu Jungle Path: Amumu's Cursed Touch increases damage taken by enemies, forcing them to basic attack you and your allies. The six camp clear path features a leashless Raptor start, which requires unlocking Tantrum at level one to progress. This unlocks Despair, allowing the player to kill Red Brambleback, and subsequently Bandage Toss, enabling quick ganks. Key objectives in this jungle include: - Killing Murk Wolves, Blue Sentinel, and Gromp for level progression and clearability - Upgrading Tantrum at level four to increase damage output A well-crafted rune build featuring Conqueror provides a strong foundation, with stacks of bonus Attack Damage or Ability Power upon basic attacks and abilities. This allows the player to deliver clutch kills, escape danger, and participate in teamfights effectively.
