## The genius prince's guide season 2

The highly anticipated second season of the fantasy comedy anime "Genius Prince" is still in limbo, leaving fans eagerly waiting for any news on its release date. In the world of Natra, King Owen's sudden illness has left the kingdom in a precarious state. His son and prince, Wein Salema Arbalest, has taken over as regent, but his true intentions remain uncertain. While the public perceives him as lovable and genius, he secretly harbors a treacherous attitude, willing to sell the kingdom to the highest bidder. Behind the scenes, Ninym Raleigh's influence encourages Wein to adopt more morally upright actions, driven by her faith in his intellect, diligence, and combat skills. The fate of Natra hangs in the balance as Wein navigates the complexities of ruling with an iron fist while struggling with his own conflicted desires. Fans of the show, which received a moderate response during its first season, are now seeking reassurance on whether a second installment will materialize. As of our knowledge cutoff, no official announcements have been made regarding Genius Prince Season 2, but we'll continue to monitor the situation and provide updates as more information becomes available. Genius Prince Anime Adaptation Contributes to Sales BoostIn recent sales data, the anime adaptation of Genius Prince has significantly contributed to the overall sales of the light novel. Notably, the light novel has reached the 11th spot on the Best Selling Light Novels list for January 2022. As previously mentioned, the first season of Genius Prince received a generally positive reception from viewers. However, it was released concurrently with How a Realist Hero Rebuilt the Kingdom, which may have impacted its overall impact. Viewers' Reception and IMDB RatingsDespite not being as popular as Realist Hero, Genius Prince has shown promise, especially considering its IMDB user episode ratings: 17.3, 27.3, 37.3, 48.0, 57.8, 67.4, 77.5, 87.0, 96.6, and 106.9 for various episodes. Studio Yokohama Animation Laboratory's Future ProjectsThe studio is not a major production house, with only five anime produced since 2020 and no sequels. However, they are taking on multiple projects in 2023, with up to three new anime scheduled to release later this year, followed by one more in January 2024. Second Season Hopes and Source MaterialThe light novels have a strong source material foundation, with over 6 volumes available for adaptation. Given the studio's plans, it is highly likely that Genius Prince will receive a renewal for a second season. If renewed, fans can anticipate the release of the Genius Prince's Guide to Raising a Nation Out of Debt Season 2 trailer and premiere in late 2024. Light Novel and Manga StatisticsThe light novel has been published in seven volumes by SB Creative, with an average rating of 7.5/10 on MyAnimeList. The manga, written by Toru Toba and illustrated by Emuda, has received a rating of 6.9 out of 10 and is currently ranked #9723 on MyAnimeList. Viewership and Circulation CountsAs of December 2021, The Genius Prince's Guide to Raising a Nation Out of Debt had a circulation count of 250k copies across the light novel, manga, and digital downloads. Season One Finale Plot SummaryIn the finale of Genius Prince season one, "A Really Motivated Seller," Sirgis plots to give the recovered Marden land to the Levitian church in return for turning into an Elite. Meanwhile, Wein offers to kill Gruyere, highlighting Soljest's increasing power and potentially sparking a battle with Natra and Delunio. Natran's refugees were to be relocated to Delunio immediately after the war, with Wein announcing that Natra would receive 800,000 residents. Sirgis panicked upon realizing this was similar to what Mealtars had done with 30,000 residents. To convince Sirgis, Wein falsely claimed his donated clothing contained toxic substances, and soon Delunio's residents would die. Outsmarted by Wein's schemes, Sirgis agreed to the terms. Gruyere was imprisoned in Natra after refusing to sign a harmony agreement, as his cooperation cost him his power. Wein discovered Sirgis' agreement had sealed Natra's fate, losing most of its wealth and peaceful relationship with the Levitian church. The delay in completing the harmony agreement frustrated Ninym, who felt compelled to fix the situation. Genius Prince Season One covered the first six volumes; thus, Season Two would start by adapting Volume 7. In the tropical south, Patura islands offered a picturesque landscape that Wein used to his advantage. He sought trade partnerships with Natra and believed this success was crucial. However, a minor mistake landed him in an island state's prison. His cellmate appeared intriguingly connected to the search for the Rainbow Crown – a valuable artifact holding magical powers over Patura. During a meeting between Demetrio and his advisors, Wein secretly attended, leaving them confused. Princess Lowellmina asked Wein to attend this meeting to prevent a potential conflict among her three brothers vying for the Imperial throne as a gesture of goodwill. The least likely among the brothers to become the next emperor of Earthworld is surprisingly Wein, who has formed an alliance with Demetrio. A Japanese anime series titled Genius Prince features a blend of compositions by Deko Akao, character designs by Ryūnosuke Ōji, and music composed by Toshihiko Sahashi. The animation studio behind the show is Yokohama Animation Laboratory, while Art and Sound are directed by Toshihiko Sahashi and Hirotsugu Kakoi. Key characters in Genius Prince include Ninym Raleigh, Rie Takahashi as Wein, Sōma Saitō, Gruer, Akio Ōtsuka, Lachram, Daiki Hamano, Manfred, Kengo Kawanishi, Bartholomush, Kenichirō Matsuda, Gardmeria, Mamiko Noto, Lowellmina Earthworld, and others. A light novel series titled The Genius Prince's Guide to Raising a Nation Out of Debt is also available. The light novel consists of ten volumes under the GA Bunko label released since May 2018, while Yen Press owns the North American rights to the light novel. Tensai Ouji no Akaji Kokka Saisei Jutsu Season 2 Expected to Feature Returning Characters and New Faces Ninym Raleigh is the main character of the series who constantly hopes for a chance to commit treason by selling his nation and fleeing his obligations. Despite no formal announcement, most characters are expected to return if the season 2 start date is held as scheduled. Additionally, new recurring and side characters may appear in future seasons. The cast includes Salema Arbalest, Soma Saito, Rie Takahashi, Falanya Elk Arbalest, Sayaka Senbongi, Nanaki Raleigh, Yuki Sakakihara, Lowell, and Nao Tōyama. Currently, there is no trailer for the season 2, but updates will be provided on this website as new information becomes available. The series was launched on January 11, 2022, and has a total of one season. To watch the series legally, a Funimation membership is required.
