The nation's leading baseball and softball training academy franchise and the world's top baseball and softball brands have teamed up to create an exciting new partnership: D-BAT Powered by Rawlings and Easton! This partnership enables D-BAT training facilities to feature Rawlings' and Easton's entire product portfolio in their pro shops to provide a truly unique and immersive brand experience. Additionally, premier athletes who visit D-BAT for their innovative teaching and coaching methods will be able to train using quality performance products from the trusted Rawlings and Easton brands. Each location will offer customized products in addition to stock items, and visitors can demo the latest lineup of Rawlings and Easton bats in the D-BAT batting cages. The Langley Secondary Baseball Academy is a unique course in which diverse students train together with the common purpose of improving their individual and team skills in baseball. The program is open to all students at all skill levels and the focus is on individual skill and team tactical development. The students will have two baseball academy blocks every day in the first semester. The on-field staff will consist of a Head Instructor and at least one assistant instructor every session in addition to a Langley Secondary teacher assigned to the baseball academy. The Baseball Academy will run as an off-season training program for students to improve their individual skills, strength and conditioning. This gives students the best opportunity to train and prepare for their upcoming season. General Information Students attend LSS all year or for 1st semester - the baseball academy blocks fall in the first semester. The baseball academy blocks will be back-to-back (1 & 2 or 3 & 4) to ensure that the class runs continuous for 159 minutes of instruction on a daily basis. Students will be receiving 8 credits through the baseball academy - 4 credits for grade equivalent Physical Education, 4 credits for Grade Equivalent Strength & Conditioning. Softball Academy - Grades 9 - 12 The Softball Academy will run as an off-season training program for students to improve their individual skills, strength and conditioning. This gives students the best opportunity to train and prepare for their upcoming season. It was here that they learned the basics which they have to date. Both my children benefited and the results showed when my older one was offered DSA for softball and my younger boy doing well in his CCA. One thing that impressed me was the specialised training for children that made it safe. They made sure my kids never over trained as they know kids may be over-enthusiastic.
