God of war ragnarok trophy guide

God of War Ragnarok offers 36 trophies, some of which are unlocked through gameplay alone, while others challenge players to find collectibles or defeat specific enemies. This guide serves as a comprehensive trophy checklist and points readers toward helpful guides for obtaining the coveted Platinum Trophy. Note that this page contains spoilers due to the nature of the trophies. Unlike other Sony titles, God of War Ragnarok does not feature New Game+ Trophies. Instead, this guide provides an overview of how trophies work in the game, including notes on what's required to obtain every trophy and achievement. The Platinum Trophy can be achieved in a single playthrough, although some trophies may only be unlocked after completing the story and exploring post-game areas. It's worth noting that all trophies can be earned on the easiest difficulty setting, using any accessibility options available in the game. Additionally, there are no missable trophies, as post-game exploration allows players to revisit relevant areas and retrieve any missed trophies. Transferring save data from PS4 to PS5 will unlock all gained trophies, but doing so from PS5 to PS4 is not possible. To earn a Platinum Trophy, players must collect 36 specific items, including flowers from each of the nine realms, Kvasir's Poems, and artifacts. A detailed guide on how to obtain these items can be found elsewhere. Given article text here "Get the best armor in God of War Ragnarok and unlock the paths to these incredible trophies. Start by following Kratos' journey, which will take you through various challenges. To start, find all Apples of Idunn and Horns of Blood Mead for a Full Belly. Once you have that, get Knock Off the Rust by purchasing skills with your acquired XP. There are also several boss fights to complete, including Bjorn in Surviving Fimbulwinter, Thor after clearing Bjorn's fight, Vanadis in The Lost Sanctuary, Nidhogg in The Reckoning, Gryla in The Lost Sanctuary, Garm in the Reunion, Heimdall in Creatures of Prophecy, Hrist and Mist in The Summoning, and Hrist is not on list but Hrist & Mist is. In addition to boss fights, you need to locate or purchase all main Shields and craft Sword Hilts from the Lost Pages Crafting Labor. Collect every Relic and craft every Sword Hilt for Collector. You also have the option of crafting Dragon Scaled Armor Set after discovering The Crater region of Vanaheim following Chapter 13 - Creatures of Prophecy. In order to fully repair the Amulet of Yggdrasil, find all 7 Jewels of Yggdrasil and upgrade it." Want to get top rewards from Lunda? Refer to our guide on locating The Mysterious Orb first.
