A colorful picture dictionary, suitable for young learners of the Dutch language, has been introduced. This beginner's book features over 50 engaging pages filled with vibrant colors and fun illustrations, making it an attractive option for children who want to learn Dutch. The dictionary includes more than 350 essential Dutch words across various topics, such as family and home, animals and nature, numbers and colors, food and clothing, body parts and emotions, days of the week, and months of the year. Each word has a simple pronunciation guide in both English and Dutch, making it easier for young learners to understand. The book is designed to be user-friendly, with dual-language format, allowing children to learn and practice their Dutch vocabulary side-by-side with their native language. The illustrations are cute and colorful, sparking young imaginations and making learning fun and accessible. This picture dictionary is perfect for bilingual families or those who want to introduce their child to the Dutch language. Even parents who don't speak Dutch can join in the fun, creating a shared learning experience. With its wide range of topics and engaging format, this book is an excellent choice for young learners looking to build their Dutch vocabulary. Whether you're starting your child's bilingual journey or just want to introduce them to the Dutch language, this English-Dutch Picture Dictionary is an ideal resource. Watch your child's love for language learning grow as they explore this colorful and interactive dictionary. Interactive Dutch Dictionaries and Flashcards for Private Study and Classroom Use ===== Looking forward to exploring the world of Dutch language with interactive dictionaries and flashcards. These tools are perfect for private study on desktops and mobiles, or for displaying in front of a class with a projector. The materials on this page feature fun animations that should engage younger learners and provide a more effective means of building up their vocabulary. Dutch vocabulary can be drilled with our interactive Dutch flashcards, which present the words in an illustrated dictionary format. These dictionaries serve as a means of teaching the vocabulary before practice games are played. For those familiar with English, these games might seem quite easy as Dutch contains many cognates, but we have created a set of Dutch spelling games to present a more challenging task. Completing the spelling quiz proves that the student has learned the words by heart! Note that these spelling quizzes are only available for wider screen tablets and desktops. Available dictionaries include: Colours picture dictionary - an illustrated learners' dictionary with 11 words, featuring coloured items representing the colours. Animals picture dictionary - a first set of 17 animal words, suitable as a visual presentation for Dutch language class. Animals picture dictionary 2 - the names of 17 more animals in the Dutch language, presented in a visually appealing learner's dictionary. Birds picture dictionary: 17 names of birds in the Dutch language, ideal for intermediate-level Dutch language students. Kitchen picture dictionary: words for kitchen utensils and appliances in the Dutch language, perfect for further vocabulary practice exercises. Clothing picture dictionary: 17 clothing and footwear items in the Dutch language, featuring the most common items with audio included. Vehicles picture dictionary: transport vocabulary and words for vehicles in the Dutch language, suitable for beginner-level Dutch students. Fruit and veg picture dictionary - an illustrated dictionary for kids featuring 15 images of fruit and vegetable words. Food and drinks picture dictionary - illustrations of common grocery items displayed in this Dutch picture dictionary with audio. Furniture picture dictionary - learn around-the-house items in the Dutch language with this learner's dictionary.
