Paramount has officially confirmed & announced the next #StarTrek live-action series joining the #StarTreKUniverse 'Starfleet Academy'.More details incomingGet ready for a Star Trek adventure like no other! A new origin movie is coming in 2025, set decades before J.J. Abrams' 2009 reboot and exploring the founding of the Federation. This could be our chance to see early Starfleet pioneers and the first meetings between humans, Vulcans, Andorians, and Tellarites. The film will be directed by Toby Haynes and written by Seth Grahame-Smith.Meanwhile, the Kelvin Timeline crew is back in action! Star Trek 4 is still in development, with a new screenplay from Steve Yockey. This would be the "final chapter" for Chris Pine's crew, but don't worry, the entire cast has expressed willingness to return. A 2026 release could coincide perfectly with Trek's 60th-anniversary celebrations.The future of Star Trek looks brighter than ever, with a diverse lineup of projects in the works. From the classic exploration of Strange New Worlds to the educational journey of Starfleet Academy, and from the workplace comedy to the blockbuster action of Star Trek 4, there's something for everyone. As we look ahead to 2025 and beyond, the franchise continues to honor the pioneering spirit of Gene Roddenberry. Live long and prosper, fellow fans!Paramount Pictures Announces New Star Trek Film and TV Shows for 2025-2026Star Trek has announced several spinoffs after Discovery, but one project took longer to materialize than expected. The series was initially about Michelle Yeoh's character Phillipa Georgiou and her work in a secret Starfleet faction, but it was later altered into a movie and is still in development. Despite the initial setbacks, fans are excited about the new projects, including a live-action comedy series set in the 25th century. Another live-action series, set at Starfleet Academy, is also underway with production currently in progress. The show will take place in the 32nd-century era and feature a talented cast of new and legacy actors. The upcoming year promises to be busy for Star Trek fans, who can look forward to several new shows on Paramount+, including a live-action comedy series and a continuation of Season 3 of Discovery.Star Trek Franchise Prepares for 2025: What Fans Can ExpectThe Star Trek franchise has been facing uncertainty about its profits and resources, leading to a leaner year in 2024. While the 2025 lineup is not as extensive as previously planned, there are still exciting developments on the horizon.One of the most anticipated projects is the premiere of "Star Trek: Section 31" on January 24, 2025, exclusively on Paramount+. This made-for-streaming movie will be followed by a potentially lucrative streaming model, which could lead to more movies in the future.Another highly anticipated show is "Star Trek: Strange New Worlds," which is expected to return with its third season in 2025. Although the release date has not been confirmed, it's likely to air sometime during spring or summer.The fate of "Star Trek: Prodigy" remains uncertain, as Netflix owns the rights to the show and its second season was well-received by fans. The success of the series will determine its future on the platform.In addition to these projects, there are rumors of new announcements, including a potential reboot of "Star Trek 4," new video game IPs, merchandise, and even new shows and films. However, the exact nature of these plans is unclear due to the evolving media landscape.Despite the reduced number of Star Trek series in 2025 compared to previous years, the franchise is still expected to make a significant impact with its streaming model and new flagship series on Paramount+.Paramount+ is set to release a slew of exciting new Star Trek content in 2025. In comparison to the platform's more compact offerings for the year, it promises to be a veritable feast. At the top of the list is the highly anticipated film "Star Trek: Section 31", which will premiere on January 24th. This marks the franchise's first made-for-streaming movie and follows the story of Michelle Yeoh's character, Emperor Philippa Georgiou, as she navigates a mission from Starfleet's shadowy black ops agency.Meanwhile, after a two-year hiatus due to the SAG-AFTRA and WGA strikes in 2023, season 3 of "Star Trek: Strange New Worlds" is set to hit Paramount+ in 2025. The show has been well-received by critics and audiences alike, and this new installment promises to be just as thrilling, with a range of exciting episodes including a "Hollywood murder mystery" directed by Jonathan Frakes and a comedy where Captain Christopher Pike and his crew become Vulcans.Additionally, fans can look forward to the continued adventures of "Star Trek: Strange New Worlds", as well as the introduction of new characters in season 4. With Martin Quinn joining the cast as Lt. Montgomery Scott AKA Scotty, and Cillian O'Sullivan appearing as Dr. Roger Korby, there's sure to be plenty of surprises along the way.In other Star Trek news, "Starfleet Academy" is currently in production, with a talented cast led by Holly Hunter and Paul Giamatti. The show promises to move the franchise forward into a new era, exploring the post-"Discovery" 32nd century. With huge announcements expected at some point in 2025, likely at San Diego Comic-Con, fans are eagerly anticipating what's in store for this exciting new take on the classic franchise.And finally, a Star Trek live-action comedy is reportedly in development by Tawny Newsome and Justin Simien, who are also working on "Starfleet Academy". The show promises to bring a fresh perspective to the franchise, and fans can't wait to see what's next for this beloved series.Star Trek Origin movie reportedly set to premiere in 2026, decades before the events of Star Trek (2009). The prequel film is directed by Toby Haynes and marks a significant milestone for the franchise, celebrating its 60th anniversary. Despite reduced production in 2025, Paramount+ aims to prioritize quality over quantity.
