18+ STEAM PATCH IS NOW AVAILABLE FOR NEKOPARA VOL. 1. # PLEASE NOTE THAT THIS PATCH ONLY WORKS ON THE STEAM VERSION OF NEKOPARA VOL. 1 AND NOT ON THE PHYSICAL RELEASE. You can obtain the patch for 8.99 USD on the official Denpasoft website or for 990 JPY with a new account, which is available at a discounted rate of 50% off. To apply the patch, follow these steps: 1. Open the file called nekopara_vol4_Steam_R18DLC and press next two times. 2. Ensure that the destination folder is correct (e.g., e:\steam\steamapps\common\NEKOPARA Vol. 1). 3. After installation, you can access the restored 18+ content. Please be aware of the following points when using this patch: * Any screenshots taken during the 18+ scenes will be blurred out or replaced with All Ages scenes. * The game will revert to the All Ages version when streamed. * Attempting to replace files in the Steam version with those of the physical release or tampering with the files can result in measures being taken to suspend your account.
