The untold story of Oz's witches, Wicked follows Elphaba, played by Cynthia Erivo, as she discovers her true power, and Glinda, played by Ariana Grande, as she uncovers her true heart. Despite their differences, the two form an unlikely friendship at Shiz University, which eventually takes a dramatic turn after they encounter The Wonderful Wizard of Oz. Their extraordinary adventures will ultimately lead them to fulfill their destinies as the Wicked Witch of the West and Glinda the Good. Get ready to experience this immersive cultural celebration over and over again! The film also boasts an exciting alternate feature-length version, where viewers can sing along to all their favorite songs from Wicked, joining Elphaba and Glinda on their magical journey.On a separate note, several TV shows are coming to an end or premiering new seasons. The musical drama "Wicked" is not listed among the TV show premiere dates.Netflixs streaming service consistently delivers laughter with its diverse lineup of movies, just like Do Revenge. This low-budget film, written and directed by Jeff Baena, was a labor of love for everyone involved. It's clear that the cast had a blast making this movie, which features an easy chemistry between the actors that is enjoyable to watch. The setting in 14th-century Italy adds a unique element, allowing viewers to journey back in time. Peacock offers a vast inventory of blockbusters, award-winning hits, and underrated gems for anyone looking for great movies or TV shows. The juxtaposition of modern dialogue with the classical setting is comedy gold, as seen in one scene where nuns berate a gardener with expletive-laden ferocity that would make Cardi B blush.Peacock is set to unveil a plethora of exciting content in March 2025, catering to diverse tastes and preferences. The platform's lineup boasts a mix of highly anticipated originals, blockbuster movies, and binge-worthy TV series. Some of the most notable additions include "Long Bright River", a new crime drama starring Amanda Seyfried; "The Traitors: UK" Season 3, a British reality game show; and the return of "Yellowstone" season 5 part 2. Additionally, Peacock will feature a selection of classic titles, such as "Wicked", "Jurassic World: Dominion", and both volumes of "Kill Bill".March brings a colorful mix of entertainment options for all ages. Movies like 'Trolls' & 'Trolls World Tour' will have kids and adults singing along to catchy tunes. The thriller 'Plane', starring Gerard Butler, takes off on March 12th. Horror fans can look forward to the release of 'The Invisible Man' on March 19th. Meanwhile, families can enjoy another hilarious chapter in the Despicable Me franchise with 'Minions: The Rise of Gru' on March 23rd.In addition to these cinematic offerings, TV enthusiasts will have plenty to choose from as new seasons and exciting premieres drop throughout the month. 'The Real Housewives of Potomac' Season 9 Reunion kicks off on March 3rd, followed by 'Love After Lockup' Season 5 on March 6th. The drama continues with 'The Real Housewives of Atlanta' Season 16 on March 10th and 'Accident, Suicide, or Murder' Season 5 on March 11th.Top Chef enthusiasts can get their fix with the release of Season 22 on March 14th, accompanied by Top Chef: Last Chance Kitchen and The Dish with Kish. Other notable TV highlights include the reunions for 'Married to Medicine' Season 11 on March 24th and 'Southern Charm' Season 10 on March 28th.Peacock is also premiering several intriguing documentaries and specials in March, including 'Opry 100: A Live Celebration', a tribute to the Grand Ole Opry's 100th anniversary, and 'Rescued Chimpanzees of the Congo with Jane Goodall', a must-watch for wildlife and conservation fans.The Traitors UK Season 3 Premiere is available now, along with Wicked: The Real Story, which will be streaming all episodes. Other exclusive additions include Mother Shuttle Southern Hospitality's reunion and Me Robaste El Corazon. Long Bright River also premieres as a Peacock Original.Peacock's March 2025 lineup brings exciting content for fans of documentaries, reality TV, and sports. The documentary series showcases breathtaking visuals and educational conservation efforts, as well as wildlife and landscapes from North and South America. Additionally, fans can expect weekly releases of popular reality shows and mid-season returns of fan favorites like Love After Lockup and The Real Housewives of Potomac.New original content arrives on March 13th with Long Bright River, starring Amanda Seyfried, which releases all 8 episodes at once for a binge-worthy experience. Other notable additions include cult classics like The Big Lebowski, A Knight's Tale, and full collections of popular TV shows from different decades.Horror fans can celebrate St. Patrick's Day with the complete Leprechaun Marathon dropping all seven films at once on March 1st. The platform also adds 300, a stylized action epic that helped define visual effects for generations of films.NBC classics make up a significant portion of these additions, offering viewers the chance to binge from start to finish. Peacock continues its strategy of acquiring complete shows rather than selected seasons, providing users with a comprehensive library of content.Peacock's latest updates include new animation collections and reality competition series, offering viewers comprehensive viewing experiences without missing episodes. The streaming service will add many new shows and movies in March 2025, including highly anticipated originals like "Long Bright River" and popular returning series like "Yellowstone." Subscribers can look forward to several big releases throughout the month, such as the hit movie "Wicked" and reality TV fan favorite "The Traitors" Season 3 Finale and Reunion special. The biggest premiere is "Long Bright River," a new Peacock original dropping all 8 episodes on March 13, each running approximately one hour. Additionally, Peacock has exclusive streaming rights to several NBC shows that will continue releasing new episodes throughout March. The full March lineup includes "Long Bright River," "Wicked," "Yellowstone" Season 5 Part 2, and "The Traitors" Season 3 Finale and Reunion special. Sports content will also expand with live events throughout March, as well as more movies from Universal's library being added throughout the month. The complete list can be found on the official Peacock website.A Reunion special is slated for March 2025, with the precise date still pending confirmation. Meanwhile, "Wicked" and "Yellowstone" Season 5 Part 2 are also expected to debut in March, although exact dates have not been disclosed. Typically, Peacock unveils new content on Thursdays or at the start of each month.
