The person who asked about a new casino rewards link was met with negativity and ridicule, which is unfortunate as many new members often make this type of inquiry.However, another member suggested that everyone simply says "no sorry" when asked about links instead of making assumptions or providing unnecessary information.Additionally, there have been some discussions regarding potential bonuses and promotions for February.We're lacking fresh links or updates, so let's just wait and see... Where are your eyes on Page 4, ms Yvette? You're a new member, by the way. Check my comments below for more info, also ms Simona and mr rastø 17 (who's 18 years old, huh?). Last edited: Jan 20, 2024 Reactions: janek91 and rastø17 As for the January paradise bonus, yes, I do have one. We're all hoping to get some news about February for Valentine's Day soon. Do I have a January paradise bonus? Not yet, Annie. See you next time on bonusparadise. Take a few minutes to check out the last 2-3 pages of the forum; you might find your answer without even asking "the question that kills." It was just a little advice.Non, pas encore Annie. ta prochaine visite sur bonusparadise. Prend quelques minutes de ton temps pour examiner, maximum, les 2-3 dernieres pages du forum. Tu vas probablement trouver ta pønse sans mme avoir demander la question qui tue Ctaut un petit conseil.If casino rewards gave away free money each day, most wouldn't have time to ask "New Link." For me, I'd rather wait around for a freebie and drink one too many beers. Reactions: Mike Is the redeem mail only applicable for the Christmas factory or does it work for any current bonus/promo? Page 5 The banner is changed in the chat....So lets see what comes up? If anyone knows more share it. Reactions: Marina!m sorry, I just tried because the picture changed in the chat and then there was always a new bonus Reactions: Marina Ds problem I also have and am constantly in blue level do not come higher, deposit every day and have also lost my status so I have given up and no longer deposit lately casino rewards is very bad. Their loyalty tier(s) is based on play, not necessarily deposits. So if you deposit \$10-\$20 a few days in a row, but go through it fairly fast, you want acquire the points needed to reach the next tier level. Conversely, if you have a great session using free spins, VIP points, a minimal deposit, you'll accrue the points needed to get ahead and hit the higher tiers. Then it's just a matter of maintaining the minimum tier points month to month. This gives you a once monthly bonus of points (2000, 5000 or 10 000 depending on your tier), access to better bonuses such as the Lucky Day Draws, and a larger percentage of your gameplay will be attributed VIP points, allowing you to earn them faster and help maintain your status. Hope this helps, and good luck! Reactions: medypogi and Mike Reactions: Kaaleppi We all waiting for a new link news or something else.... Page 6 I say it for the last time there is no new link we all waiting. This topic will be closed ifYou all need to ask it one more time. There is no new link. We will close this topic if you do it again. As soon as we have news, we will share it with you. Mike, just ignore questions like these and they will understand in time.Reactions:Mike: How to claim the latest promotion (Next Millionaire without a link). Step one: go to live chat. Step two: say redeem mail. Did you just receive our exclusive letter? YES Done.... IF it does not work for you try it next week again!!!BitchyBarbie and Dinne: It used to work for me earlier, can you just hint the word or PM me if redeem is not working yet for me.g0thic: If the system still comes with factory or it does not work yet, this got to do that the promotion is not active yet in your country....hope this helps. Just try this daily and after a while it works for youExoticTrinity: Hello The link will come, we look everywhere but on the end just saying Redeem Mail is much easier for everyone Mike, I deciphered the new link to the next millionaire promo. Since I can't write it publicly, can I send it to you in a message?Can I share this with you privately? I'm currently unwell and have three small children, making it difficult for me to write. The text is about a new link for Casino Rewards, which was supposed to offer free spins and cashouts. However, the author experienced issues with the "guaranteed win" feature, where they lost out on 24 hours of rewards despite meeting their day 24 milestone. They're unsure if it's a glitch or something else, and I'd like your help in understanding what happened.I'm stuck in this daily grind, collecting rewards that take 24 days to unlock, but then there's no guaranteed win boxes, not even during the milestone period. It seems like a one-shot chance to become a millionaire, which I don't get. Where's my 24-hour window of guaranteed wins? The link is supposed to be working in NZ now, but there's still nothing. I had to chat with support and use some creative wording to find it - "redeem mail" was the trick. If you're missing out on this, just ask me for the link. Someone mentioned activating a new card member recently, but I'm not sure what that means. I got my VIP card ages ago and only used one reward, but people are talking about getting more rewards from these cards. Does anyone know if it's possible to get multiple rewards with old card numbers?Looking forward to seeing everyone at the meeting tomorrow and discussing our strategies. I wrote "Redeem mail" for support, but people kept asking about the factory for gifts. So I experimented with different words and found the link (right Mike?). If you don't have it yet, write me, and I'll send it to you.I'm waiting for a new link, please share it with me. The link exists, but I need the promotion name like "Vip" or "Giftactory". We can find the link ourselves; it's not forbidden.Hi Mike, can you send me the link? I think it might be only available in certain regions. Reactions: Mike and MM709 Hi, please share the new link with me. When I wrote "Redeem mail", people were asked about the factory for gifts. So, I found the link (right Mike?). If you don't have it yet, write to me.Can u get the new link plz and thanks? Hey guys, I want to share something here. Sometimes when a promo is active, I deposit money. This week, I used the 40 spins promo with 20 deposit and got 170 back. The wagering was good, and I ended up playing Immortal Romance for 5k after 2 days.Reactions: Lauren197833, Mustanggirl, Amma97 and 5 othersHey guys, I want to share something here. I deposit sometimes when an interesting promo is active. I used this week the 40 spins promo with a deposit of 20. The 40 spins I played gave me a whopping 170. As for the wagering, I managed to play it free and ended on 5k playing immortal romance. Payout after 2 days. Really great and happy Reactions: Mustanggirl, Peet1977 and MikeReally nice that happen! How much you have bet on immortal romance? Reactions: Mustanggirl, Peet1977 and Mike well thank you Reactions: Mustanggirl Page 11 Hey MIKE.....quick question for the couple hundredth time.....new link.....??? Send new link.....gawd why haven't I sent me link.....link.....link.....guuuhhhhhhh Reactions: Mustanggirl and kewin31Is it available in NZ yet Just try every day, what you think how we get it? Hi, quick question...Is the help and chat down? Or maybe it's just not loading on my phone...you really want a ban don't you? Lol it was just a job at all the people who do not read and constantly overwhelmed this forum with the exact same question when the answer is in front of them if they took a minute to just look. Reactions: Mike Mike, you probably can make a pop up alert when we enter the website with an advise like If you ask for link you will be ban for a week. We share link or tips when we have thats it.Mike: Does anyone from Slovakia collect money through any means? Thank you. Last edited by a moderator on Feb 15, 2024. No links are allowed here, as someone reported people exchanging ideas using them. I'm glad we have this forum despite the admin's patience wearing thin. I'm new here and was wondering if there were any available links.I recall seeing someone mention that Casino Rewards' withdrawals had improved, but I couldn't find it. Can anyone update me on this?Reactions: DinnePage 13As a gold status member, I've noticed that Casinorewards has run out of free spins and VIP points for me.The same images keep repeating in the game, resulting in consistent wins and losses. It's become more like a chore than entertainment for me. Reactions: loreнна, Casinocездamka, Veki29It's about time that Casino Rewards made its other sites available in Ontario, don't you think? Any info on this would be great.Hi, I was wondering if there's a link for Valentine's Day this year?Is the link working in New Zealand yet?Reactions: Tray1313I'm looking for a new link. Page 14New link, new link, new link.... Can people please learn to scroll and read before posting? Reactions: MikeRegarding redeeming mail, will it be like Christmas and Valentine's promotions, or is it a permanent feature?Has anyone received anything from Chip recently, considering their criteria for rewards? I'm a bit disappointed.Reactions: JestroThe Promo IT now works in Germany. Reactions: Mikels Casino Rewards under maintenance, as I can't access chat or view my loyalty points? It's showing old promotions from 2022. New link please!Reactions: Marina You have 34 messages here, and most are asking for a new link. Page 15You could save time by changing your name to "NewLinkPlz" instead of posting a message every time.PS: I'm an addict and know about promotions before anyone else! If you keep asking for links, don't expect a response from me.Reactions: Hydro, Marina, Mikeonly recent new link the "redeem mail". I know sometimes I get free no deposit bonuses in my home mailbox every few months...has anyone got any recent no deposit promotion websites/links? Also what casino rewards casino site let's you redeem the "Cash Box" reward when you talk to chat bot...anything advice would be great...thanks everyone I've noticed that despite making high deposits, I'm not getting anything extra in my chip, like free spins, money, or Lucky Day bonuses for three months now. Reactions: Amma97 and kewin43 Someone shared a new link? The 50% off 50 euros offer from last month still shows up when I try to redeem it. Is this the same old promo or something new? It seems like the chip thingy isn't working right, as I'm not getting any free stuff even though I've made high deposits every month. Reactions: blaires Has anyone else had issues depositing recently? Even live chat can't help me get anything from my chip...I've been playing casino rewards for years, and it's just not the same without these extra perks Reactions: Mike Page 16 I finally managed to deposit, but then I waited for my free spins to be ready...never happened! It feels like they're just scamming us with fake promises of prizes. My page turned gold for a bit, but supposedly I got all these amazing rewards...yeah right!!I'm really frustrated with chip Reactions' free spin bonuses. I've never received one, and the live chat is always asking for deposits and time info. It's like they don't even care about players. My account keeps picking up Ontario, but I've never been there. Another thing that annoys me is how my page only turned gold for 5 hours, not 24, despite receiving two Thunderball numbers and 80 VIP points.The same issue happened to other players, like Mustanggirl and Mike. We got gold opened the first box, came back 2 hours later, and then were told to try again. It's ridiculous that they claim 24 hours of guaranteed wins when it doesn't work that way. Page 17 even asked for a new link, but I don't see why.I also encountered some loading issues with rewards riches prizer, so I opened a chat and said "rewards riches prizer failed to load." The bot responded, and the prizer loaded. Reactions are getting annoying due to all these scams and stuff they pull.Just had a bad experience at BetMgm, though. They're super, but it's taken away my loyalty to casino rewards. On Page 18, I found free points worth 20 Euro in my Rewards account, but I don't know when they were credited.Maybe there should be a new forum for administrators to discuss things.Casino Rewards Promos: A Repeated Request. We've grown tired of the constant requests for new links in this group. Instead of posting them here, why not create a slot machine called "New Links" to satisfy your curiosity? Alternatively, consider starting a new discussion board where members can share their findings without cluttering up this message thread.Repeated Requests: The Never-Ending Story. It doesn't matter how many times we remind you - links for casino rewards promos will not be posted in this group. Some people simply don't understand or expect magic to happen when they ask. We've tried explaining it, but the hundreds of pages of repeated requests prove that nothing deters these individuals from asking.A Word of Advice: Be Original. Instead of repeatedly asking for new links, why not explore other ways to find what you're looking for? If you're having trouble withdrawing via VISA card, consider using a different payment method like Skrill or Neteller. Once you've set up an account with one of these services, linking it to your VISA card makes withdrawals easy.I'm trying to make a deposit via Neteller as I haven't used it before, but I can also use my Visa card if needed. The casino winnings can be withdrawn on Neteller, which takes about three working days. Once the account is visible, I'll send the money to my Visa card within that same timeframe because I don't have a Neteller account yet.It's taking some time because I'm doing it this way, but in general, you can choose between using a Visa card or another option like Skrill. The winnings from the casino on Neteller take three working days, and then you'll see the account, after which I'll send the money to my Visa card within three working days.But anyone can normally just choose to use a Visa card if they prefer. It's all about finding what works best for each person.Grand Mondial Casino Promotion Scandal: A Tale of Misleading Messages and Unmet ExpectationsIn a bizarre incident, the writer was left stunned after discovering an unexpected promotion at Grand Mondial Casino. While depositing \$10, they inadvertently triggered a pop-up with a leprechaun on it, announcing 10 spins on the Stellar 7 game. To their dismay, the result was a paltry 0.36.The writer's experience highlights the inconsistencies and misrepresentations in promotions offered by the casino. Despite being eligible for various rewards programs, they were informed that birthday bonuses are only available to GOLD VIPs and above. This decision came as a shock, especially considering their long-standing membership with Casino Rewards (5 years) and consistent participation.The writer expressed disappointment with the brand's approach, feeling that it prioritizes profits over customer satisfaction. They decided to switch allegiance to BetMGMON, citing a desire for more substantial rewards and better service.Other players shared similar frustrations in response threads. Some were told they needed only to be GOLD VIPs to qualify for birthday bonuses, while others were misled about the availability of Easter promotions. The apparent restrictions on speaking links and the lack of clear information about promotion terms further fueled the community's discontent.The writer's experience serves as a reminder that even long-time customers may face unexpected challenges when engaging with online casinos. As players continue to navigate the ever-changing landscape, it is essential for brands to prioritize transparency, consistency, and customer satisfaction.When did you receive your points? Was it during your birthday period or the casino's time frame? I was gold for about 8 months ago, and I'm still waiting for my 5000 VIP yippee Reactions. Are they only giving out points when you're gold? The bot told me that if I wasn't currently gold, I wouldn't get any points.I got a card in the mail saying to watch for a birthday gift, but it didn't arrive until after midnight. I'm still trying to figure out how they decide who gets points during their birthday period. I think it might be before midnight, but I'm not sure. Some people are getting 5000 points on their birthday, while others are only getting bronze-level reactions. I've been VIP diamond for almost two years now, but I downgraded to bronze-silver sometimes.I asked the bot for a Birthday Bonus, but they said I wasn't eligible because I'm silver VIP. But I have been with Casino Rewards for 5 years and deposit, play, win, and withdraw regularly. I'm completely disenchanted with the brand now.Honestly, you should avoid going any higher than bronze if you're not getting much out of it. There are no benefits to being higher except that you don't have to wait in line to talk to someone.it seems like some users are experiencing issues with the chat support, particularly when trying to speak to a representative. One solution suggested is to wait for about 30 seconds on the waiting page before clicking "CONTINUE" - if it doesn't work the first time, try refreshing the page or repeating the process.some users have also been wondering what constitutes an "active account", but one user's VIP points were credited without issue, and they even received a bonus of 5000 VIP points. to redeem these points, simply log in to your Zodiac Casino account, go to the Loyalty Page, click on "Redeem Now", and you'll receive the bonus.there have been some questions about promotions, with one user wondering if there's an ongoing Easter promotion - it seems that last year there was one, but this year's details are unclear. another user asked about the VIP points conversion rate, which appears to be around 0.77 euros per point.some users have also been discussing their gaming experiences, including wins and losses. one user even shared a story of getting stuck on the waiting page for the chat support. for those looking to switch casinos, there are some recommendations listed, including Buffalo Casino Group's various options such as Gaming Club Casino, Jackpot City Casino, and more.Vegas casino offers a "Triple Trouble" freeroll game with Samba Jackpots. Key details include: A password of RIOCARNIVAL is required for entry. The games run from February 1st, 2024, at 0:00 EST, lasting 29 days. Registration begins 8 hours prior to the start date. Participation is free but limited to 5 minutes of playtime and 40 credits. Additional buy-in options are available at \$2 with a rake fee and provide an extra 2 minutes and 16 credits. The casino guarantees a minimum payout of \$400.
