The film stars Tye Sheridan, Logan Miller, Joey Morgan, Sarah Dumont, and David Koechner. It was released on October 30, 2015, and received generally unfavorable reviews from critics. A janitor accidentally knocks off a life monitor, causing the man to awaken and attack him. Moments later, the zombified janitor attacks the scientist in the hallway. Three high school sophomores, Ben, Carter, and Augie, try to recruit new members for their Scout group led by Scout Leader Rogers. They visit the accident site once more, but to their surprise, the deer's body has vanished into thin air. Before they leave, an invitation to the "Secret Seniors Party" changes everything, and Carter receives the party's mysterious address. Meanwhile, Rogers is attacked by the same deer and a zombified scientist while trying to meet up with his friends in the woods. When Ben and Carter go shopping for party supplies, they encounter Denise, a cocktail waitress from a strip club, who becomes fast friends with them and agrees to buy the alcohol. However, their campsite setup in the woods is soon disrupted when Augie catches them sneaking off to attend the party instead. That night, Carter wakes Ben up so they can join the party, but they're caught by Augie, who's left disappointed. The two friends decide to sneak into town, only to find that the strip club's bouncer has turned into a zombie and is now attacking people. Luckily, Denise saves them from this ordeal. At Rogers' house, Augie discovers his friend has turned into a zombie after an attack by the deer and zombified scientist. Ben, Carter, and Denise head to the police station but find out that the entire town has been evacuated due to the zombie outbreak. However, they soon become trapped in a holding cell as a horde of zombies chases them inside. Augie arrives just in time and uses his car radio to lure the zombies outside, then unlocks their cell. The group escapes and eventually gets picked up by US Army Corporal Reeves, who seems like a reliable ally. However, tensions rise when they discover that Reeves was bitten before meeting them and has since turned into a zombie. Denise is forced to kill him in self-defense. While trying to get a signal on his radio, they overhear disturbing news about the Army planning to bomb the town to wipe out the zombies. Carter remembers seeing party information in Kendall's diary, which leads them to take Reeves' humvee and drive back home. There, they find the diary but are soon chased by more zombies. They manage to escape using a trampoline and then borrow Ms. Fielder's car after she turns into a zombie. Denise takes off on a dirt bike to get military help while Ben, Carter, and Augie head to a hardware store to build their own weapons. Upon arriving at the party location, they find that the zombies have already attacked the partygoers. The trio intervenes, evacuating the survivors and fighting off the undead until they run out of ammo. They barricade themselves in a gym but soon discover that Augie has built a bomb hidden in Ben's backpack. With only seconds to spare, Augie lights the fuse just as the zombies burst into the room. The three manage to escape through a garbage chute right before the bomb explodes, killing all the zombies. Eventually, Denise and the military arrive on the scene, helping the survivors escape. The story concludes with Ben reconnecting with his friends and even starting a relationship with Kendall, thanks in part to Denise's encouragement. Scouts Guide to the Zombie Apocalypse film cast includes Grant Cloris Leachman as Ms. Fielder, Niki Koss as Chloe, Hiram A. Murray as Corporal Reeves, Lukas Gage as Travis, Drew Droege as a drunk man, and Patrick Schwarzenger as Jeff. Before its release, director Christopher Landon aimed to create a lighthearted film that drew inspiration from 1980s movies like The Goonies, Gremlins, and Monster Squad. Landon sought to modernize the genre while avoiding complete nostalgia, similar to his approach in Disturbia, which updated a Hitchcockian thriller for contemporary audiences. The movie began filming on May 8, 2014, in Los Angeles and had its release date pushed back from March 13, 2015, to October 30, 2015. Paramount partnered with AMC Entertainment and Cineplex Entertainment to make Scouts Guide available digitally 17 days after it dropped below 300 theaters, as part of a test run. Theaters participating in this experiment received an estimated 2-4 percent share of Paramount's digital revenue between the film's initial release and 90 days later.
