Grand Theft Auto V - Chop Mission Walkthrough: A Step-by-Step Guide The "Chop" mission is a main storyline quest in Grand Theft Auto V, where you play as Franklin Clinton and team up with Lamar Davis to kidnap a member of the Ballas gang. To achieve the Gold Medal in this mission, you'll need to complete three specific objectives: Not a Scratch, Homedog, and Advanced Reflexes. Not a Scratch requires minimal damage to Lamar's van, while Homedog involves switching into Chop's perspective for 10 seconds. Advanced Reflexes demands Franklin's special ability be used for at least 7 seconds during the mission. The story begins with Franklin returning home when his aunt and friend leave to jog, leaving Franklin to help Lamar pick up something from his van. As they walk, Lamar explains his plan to kidnap D, a Ballas member. They drive to Vinewood Boulevard in Lamar's van, with Franklin asking about his ex-girlfriend Tanisha and sharing his encounter with Michael. Upon arrival, Franklin and Lamar put on bandanas and approach D, engaging in a heated conversation before D escapes on a motorbike. The chase continues through Los Santos, with the duo eventually arriving at Simmet Alley, where D is hit by a bus. D then flees on foot through a bus station, prompting Franklin and Chop to pursue him. The chase leads them to the rail yard, where they must navigate through moving trains. After losing track of D, Franklin asks Chop to sniff him out, allowing players to switch between Franklin and Chop's perspectives. Chop picks up a scent but ends up chasing after another dog instead of D, forcing Franklin to intervene. The pair continues the chase, eventually finding D hiding in a boxcar. Franklin apprehends D with the help of Chop, who chases him down. Lamar arrives with the van and Franklin puts D in the back with Chop. They drive to Lamar's house, but not before Lamar calls an unknown person to inform them they've captured D. Franklin drives Lamar to the BJ Smith Recreational Center after a mission. Lamar ignores warnings about the police and Ballas watching him, remaining calm. Later, Franklin agrees to let Chop stay with him as it's the best place for him. The objective of the mission is to follow Lamar, retrieve D, and bring him back home. Trevor Philips' main story mission involves discussing his situation with the Lost Motorcycle Club in Blaine County Trevor and his friends seek revenge against the Lost MC after Trevor kills Johnny, Ashley's boyfriend. Trevor tasks Wade with finding a ghost named Michael Townley in Los Santos. The gang encounters the Lost MC and engages in a heated confrontation, but ultimately escapes. Trevor targets other members of the gang and eliminates them in a trailer park. He then seeks to eliminate Ortega, the leader of the Aztecas, and pursues him down a river, threatening his life before deciding whether to spare or kill him. To achieve 100% completion in GTA V, several tasks must be accomplished. First, complete all 55% of the main story missions, which include the prologue and one of the three possible endings: Something Sensible, The Time's Come, or The Third Way. It is recommended to choose Ending C, "The Third Way", as it allows both Michael and Trevor to survive.
