Jan 22, 2008 Absolutely TERRIBLE. The loss of Yoshida Reiko really impacted the series. Tokyo Mew Mew was great, but a la mode is NOT. Berii (or, as Tokyopop calls her, Berry) is as bad of a Mary Sue as you find in most of fanfiction.net, characters acted out of character, and Ichigo is shuffled offscreen and cripplingly depowered to give the Playboy Bunny a chance to hypnotize her friends into loving her. Ikumi Mia's art is still top-quality, but the story greatly suffered. Do yourself a favour and stick with the original series. Ask the publishers to restore access to 500,000+ books. Tokyo Mew Mew à la Mode (jpn. 東京ミュウミュウあ・ら・モード Tōkyō Myū Myū a ra môdo) is the sequel to Tokyo Mew Mew. It's a short manga series (two volumes in total) which was written and illustrated by Mia Ikumi. It was serialized in Nakayoshi, a popular manga magazine in Japan aimed at girls, from April 2003 to February 2004. The next year, the first volume was licensed and published by Tokyopop, a well-known distributor, licensor, and publisher of manga, on June 7, 2005, and the second on December 8, 2006. Kodansha USA's new translation of both volumes was released in omnibus form on November 5, 2013. List of chapters[] Volume 1[] Chapters 1-6 Extra: Killing Time Postscript Volume 2[] Chapters 7-10 Petite Mew Mew Rabbit Starfall Characters[] New characters[] Returning characters[] Story[] The leader of the Mew Mews in Tokyo Mew Mew, Ichigo Momomiya, has gone to England to study endangered species with her boyfriend Masaya Aoyama. While she's gone, a group of teen aged humans take control of the remaining Chimera Anima, which cause trouble for the other Mew Mews, Minto Aizawa, Retasu Midorikawa, Bu-Ling Huang and Zakuro Fujiwara, and use the monsters to try and finish what the previous antagonists, the Aliens, did not complete; they want to conquer the world and create an ideal community or society. Under the name of Saint Rose Crusaders, they pose as teachers at a private, all-girls school that Berry Shirayuki, this series' main heroine, attends. Berry goes to Café Mew Mew, the Mew Mew's workpplace and secret headquarters, to look at the food displays, but is startled when she bumps into Ryou Shirogane and walks into a machine. The machine fuses her D.N.A with not one, but two red data animals: The Andean Mountain Cat, and the Amami Rabbit. She passes out after this and, when she wakes up, she is given R2003, also known as Ucha, by Ryou. Berry Shirayuki becomes the sixth Mew Mew and temporarily takes Ichigo's place as the leader. As one of the strongest Mew Mews, Berry is targeted by two of the Crusaders, who attack her at school. Ichigo returns to provide assistance during this battle. For their final attack, two Crusaders hypnotize the citizens of Tokyo and set them against the Mew Mews. Berry and her childhood friend Tasuku Meguro use their new-found feelings of love to reverse the hypnosis and cause a change of heart in the Crusaders. At the end of the series, Berry and Tasuku are still a couple, the "lovebirds" of the café, work side-by-side as the café's new door-to-door delivery service and celebrate being in love. Tokyo Mew Mew a La Mode Login to add items to your list, keep track of your progress, and rate series!From Tokyopop: With Ichigo Momomiya studying abroad in London with Masaya, the remaining four girls from Cafe Mew Mew are one too few. Luckily, a new Mew is about to emerge. Berry Shirayuki, a fashionable young girl, has just transferred to a different junior high because she thought their school outfits were cute. Little does she know she's about to become the first Mew Mew with TWO sets of animal genes in her blood. Half cat, half rabbit, she's joining the Mew Mew team just in time. A new gang calling itself the Crusaders has appeared, and its leader just happens to love wild game like rabbit - well done and served for his dinner! When Mew Ichigo returns from London she's going to be very, very surprised!2 Volumes (Complete/Discontinued)Click here to view the forumAverage: 5.5 / 10.0 (150 votes)Bayesian Average: 5.62 / 10.0March 31st, 2022 9:12am PDT - 3 years agoNote: You must be logged in to update information on this page.Forum Posts Click to view the forum Not much to say. If you've read the prequel(which I assume,) this is just to satisfy die-hard fans. The plot us pretty bad. Only thing I like is the new characters design, it's cute. It's just a cute fluffy shoujo with no particular depth.Now the main series I gave a 2. But this was AWFUL. I'm sorry, but, it just..... IS. The end was so shoujo-y I almost barfed. Heck, I did barf. The plot was horrid. Character designs are bad, but not awful. So, it's a 1, AND THAT'S THAT.Maybe I'm weird for actually loving the Tokyo mew mew series. This manga is super cute! > < It doesn't contain any depth in plot or characters but I feel like it doesn't intend to do so either, though it's sweetness and naivety is very heartwarming!Oh gosh, I read this years ago, and I thought it was awesome because it was like one of my first mangas. But, now I realize it was like, lol, a bunch of crap. Then again, I see why I liked it then though. xD!m sorry, this just sucked. This had nothing to do with the original storyline, and the romance is too typical. I'm sorry, but this was just bad.... if you hate the series so much why would you read it loser well, my sister likes this series... well, she hasnt read THIS one yet, but she likes the first one. i do have to say i like the chibis my sis showed me @God, I'm so fed up with this series. I though it couldn't get worse than the main story but somehow it did. Especially at the part at the end where Tasuku and Berry confess the love to each other. And somehow the power of love drives the Saint Rose Crusaders away. I mean how much more cliched can it get? The only thing I liked here was that there was a cuter couple and the pairing was better than in the first series.... Last updated 17 years agoOH, haha. I dont know, it was.. boring? LOL but Berry & Tasuku looked soooo cute together, that I just had to read it. x \_\_\_\_xOMG i used 2 lov this manga wen i was lyke.....10 but now i look bk at it n i dun even wanna pick it up!! not worth reading if ur older thn lyke 10 >
