Looking forward to receiving our No-Deposit Bonus, we credit you with \$100 free on sign-up with no deposit required here at xChief. This is a great chance to test our services and try out your chosen trading strategy without using any of your own funds. You will receive the bonus automatically within our mobile app once account verification is completed quickly. To receive this 100% Welcome Bonus up to \$500 at xChief Forex, you need to Register with the company and open a standard trading account. Fund your account with at least \$50 and choose "Enroll Welcome Bonus" on the deposit form. Agree with the terms and conditions of this promotion, complete the deposit operation, and then you will get this bonus automatically to your trading account. Complete the trading requirements and withdraw the bonus. ===== We can withdraw money from our account after we meet the required trading turnover, which is calculated as welcome bonus in USD times 50,000. For example, if we make a \$200 deposit and get a \$200 welcome bonus, we need to turn over 10 million dollars to be able to withdraw cash. This means we need to have open trades worth 44 lots of EURUSD in MetaTrader. Looking into xChief's investment tools and safety measures reveals an emphasis on client security. ===== xChief offers a range of payment options, including bank transfers, credit/debit cards, and electronic payment systems. The forex trading platform utilizes MetaTrader 4/5 for both desktop and mobile applications.
